On The Set

Cardinal Studios is a place for both work and play. Most of the time our performers are in classrooms, studying for the big time. But certain places, like the quad, rowdy pep rallies, and those suspenseful football games are made for enjoyment. This set is one of the few places you can actually learn something and have fun at the same time.

Top: One of the first things newcomers to Cardinal City notice is our colorful vending machine enclosure. *Left:* Tall palm trees make our quad one of the most beautiful places on campus.

"The appearance of a school is a reflection of the students who attend it."

— Diane Wingrove

Above left: Nancy Hubert and Laureen Hubacheck collect their books. *Above:* Andrea Huffman contemplates her next class.

Above top: Before school, Chantia Rodriguez, Rebecca Rodriguez, Beverly Garcia, and Maria Vela congregate outside the office for a quick visit. *Above:* Phil (Rose Boy) Meza and Valerie Dixon smile for the camera.

"Take Five" — Lunch

Picture this — Time, 11:30 a.m. Scene, Cardinal City. Action, the bell rings. A mad stampede ensues on the "B" building door and every where else on campus.

A disaster movie, perhaps? No, it's just lunch. The rush continues to the individual stampeder's favorite on or off-campus hangout.

Where do our studio groupies hang out? Well, some prefer to dine in the luxurious quad or even in our own cafeteria. Others rush for a quick bite to one of the elite fast-food franchises around school.

But the scene always has the same ending. It's back to the set before the bells ring to get in another two hours shooting.

Lori Vellios, Mary Rodriguez, Leticia Mata, Lisa Torres, and Lorraine Carrion decided to stay on campus for lunch and camp out on the stairs.

Mayor Kathy Murdock enjoys a quiet lunch under the trees while Lourianne Martinez studies, as usual.

Kata Perlhagen from Stockholm, Sweden, found a quiet and secluded place to have lunch.

Terri Villa munches a french fry at McDonald's.

"Lunch time is where you meet
new people and just relax."

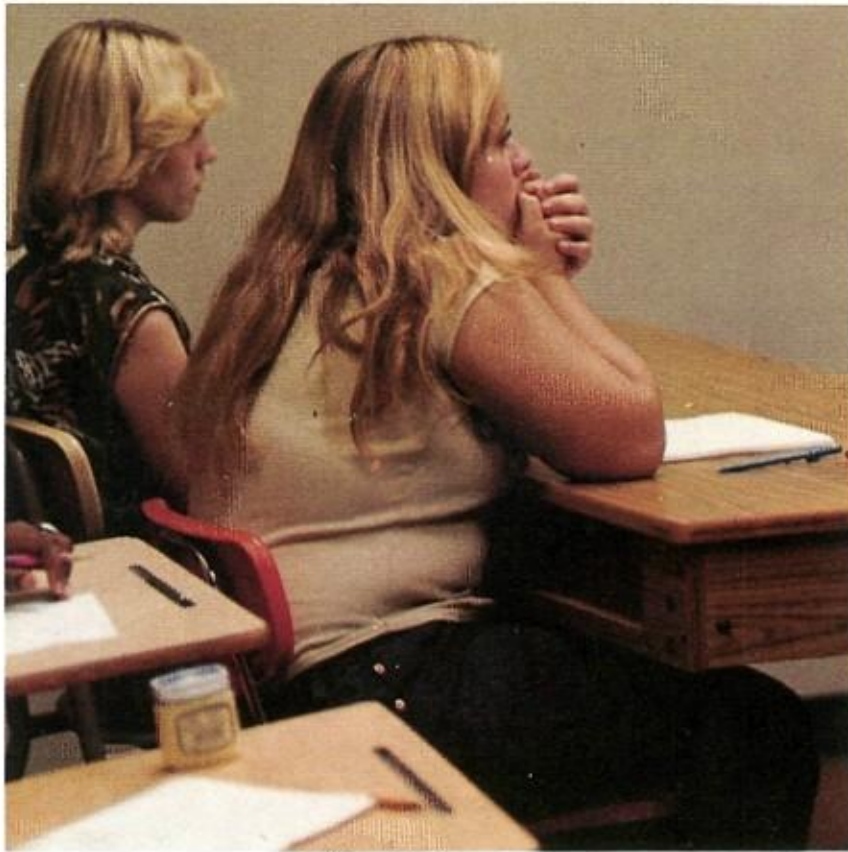

— Rey Garcia

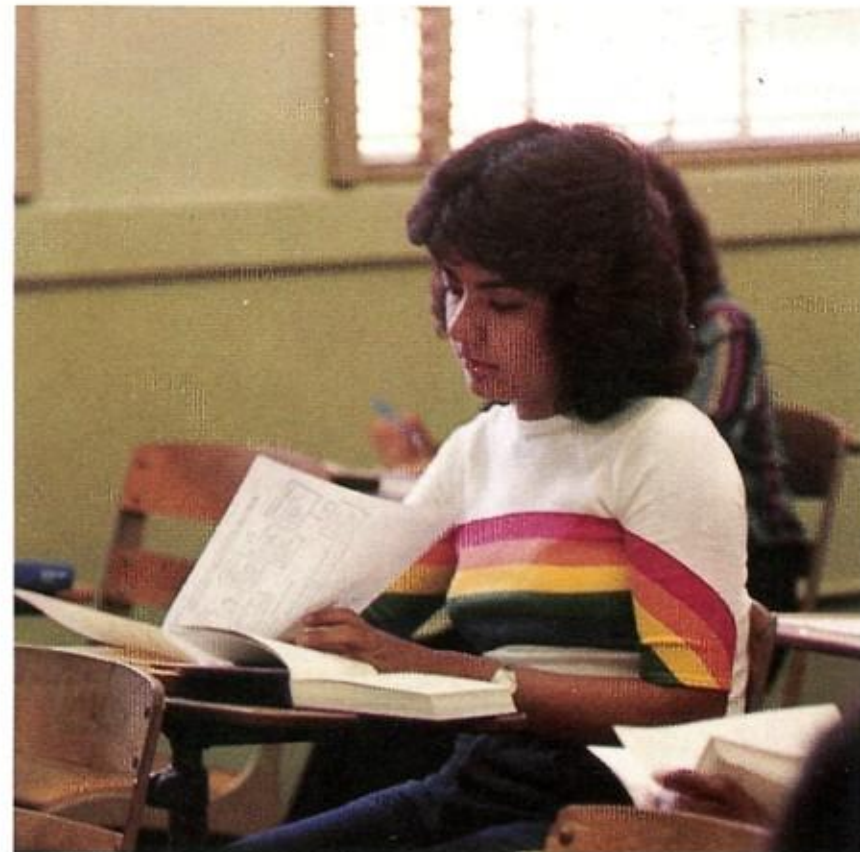

Sherry Taylor, Dee Dee Didmore and Terri Pettigrow enjoy lunch and a laugh at Burger King.

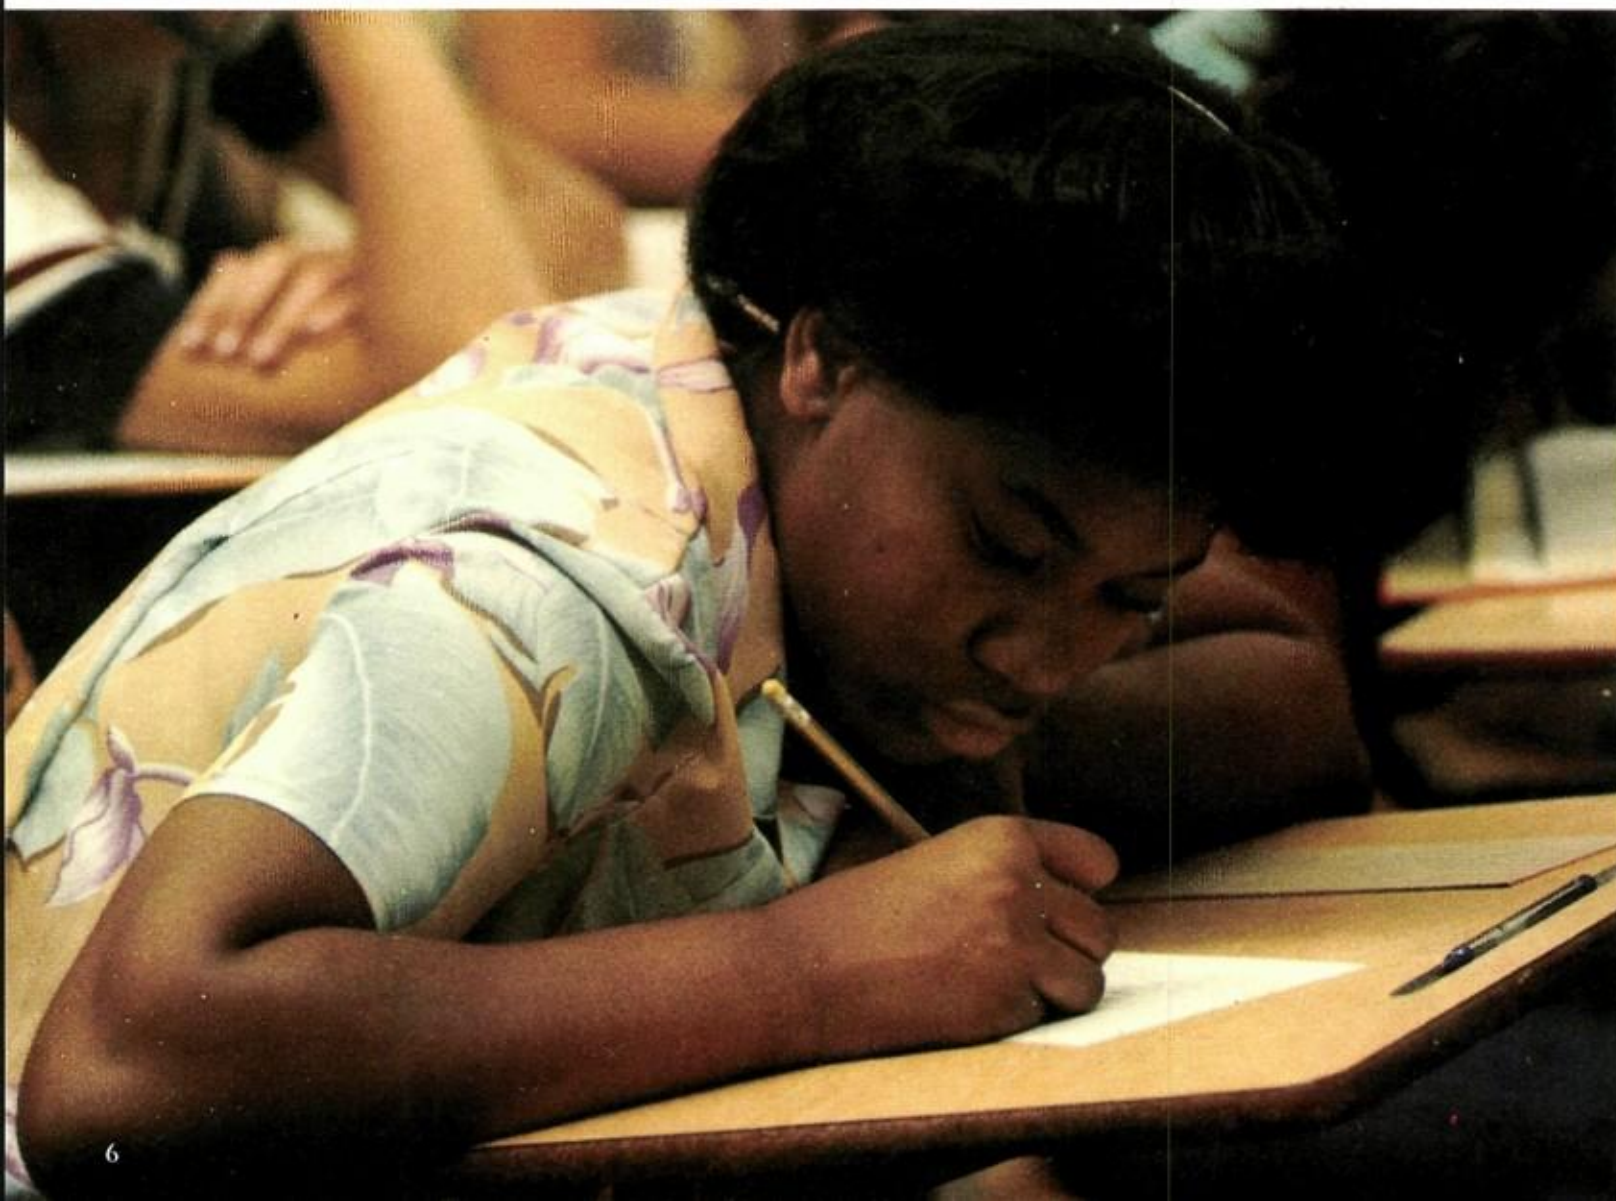

Pat Luzier, Kim Kiesel, Roger Light, Julie Mackey, and Chris Bonney share a booth at Del Taco.

Above: Sophomores, Debbie Santiago and Susie Jones appear engrossed in the lecture. *Below:* Danya Brown, Freshman, applies herself to her studies.

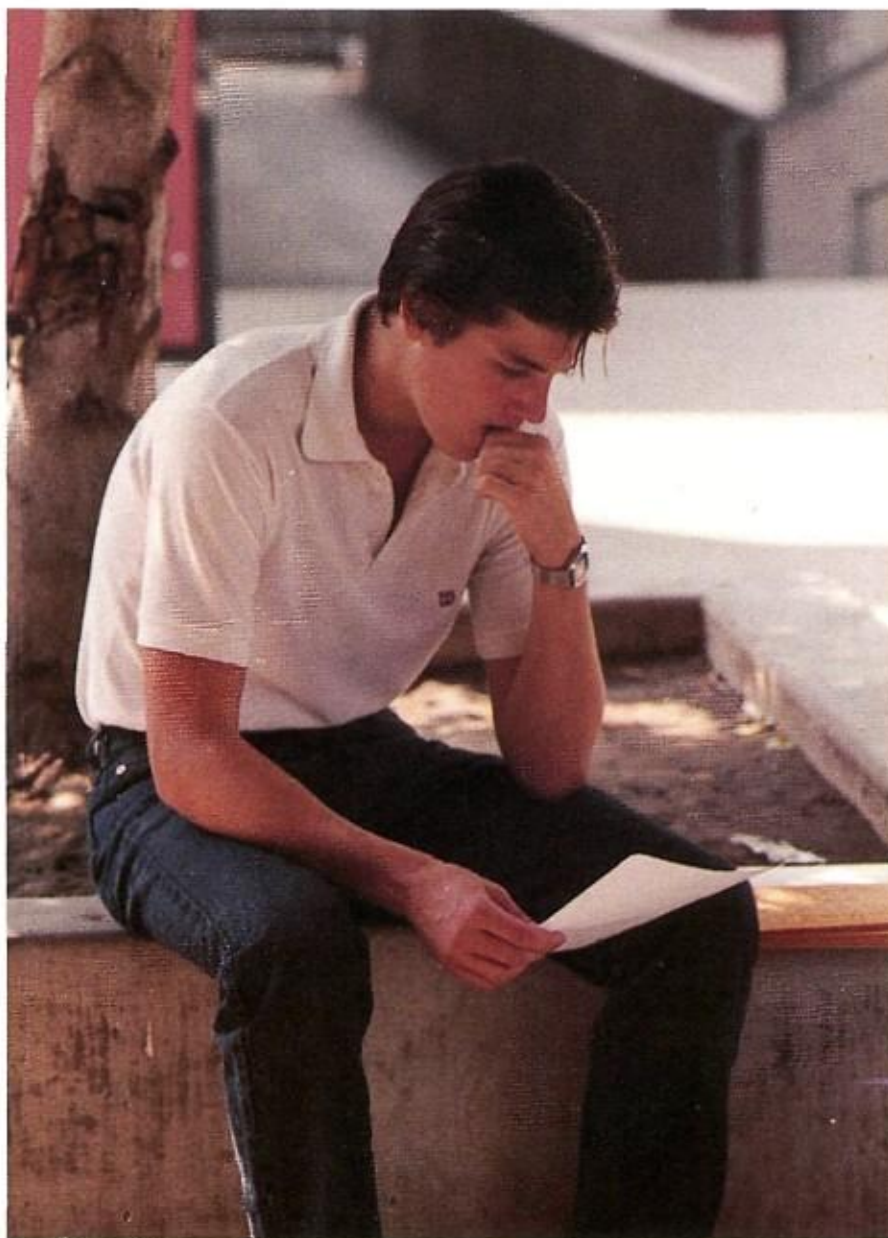

Above: Junior, Roxanne Chavez puts together her notes for class.

Learning The Lines

LEARNING IS JUST PLAIN HARD WORK — especially when you're planning to attend college. Algebra, American History and Physiology ran a close race when it came to winning the prize for the most difficult class for SBHS students. The majority of students plan to make something of themselves, and so they try to learn even their hardest subjects.

SBHS provides varied learning experiences which utilize excellent teachers and facilities combined with individual student effort.

Steve Searl looks over an important paper under the shade of a tree.

Left: Leticia Quiroga concentrates on her test. Above: Kim Jones gets some help from Mrs. Browne.

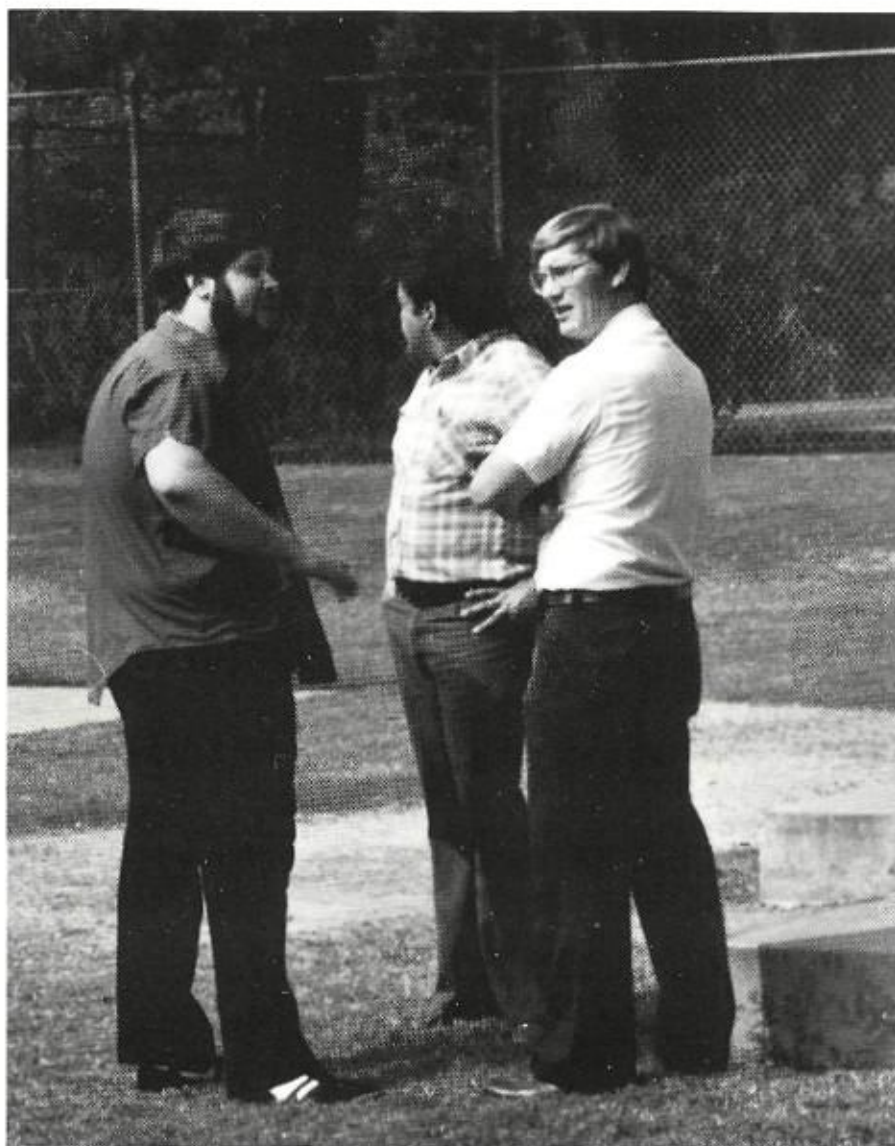

Producers And Directors

Our Cardinal City directors really know the plot. They're always participating in every take, constantly guiding the students. They are also active in off-screen activities.

Our directors won't accept anything but the very best performances from the cast. There are the strict, demanding types who won't tolerate any nonsense, but there are also the ones who tend to specialize in comedy. In any case, they all merit special oscars.

Below: Mr. Howell helps Ron Strother with his work. *Right:* Ms. Ebey tries to make a decision during the faculty luncheon last September. *Far right:* Mr. Terrill, Superintendent of San Bernardino Schools, poses with Mrs. Watson at the teacher's luncheon.

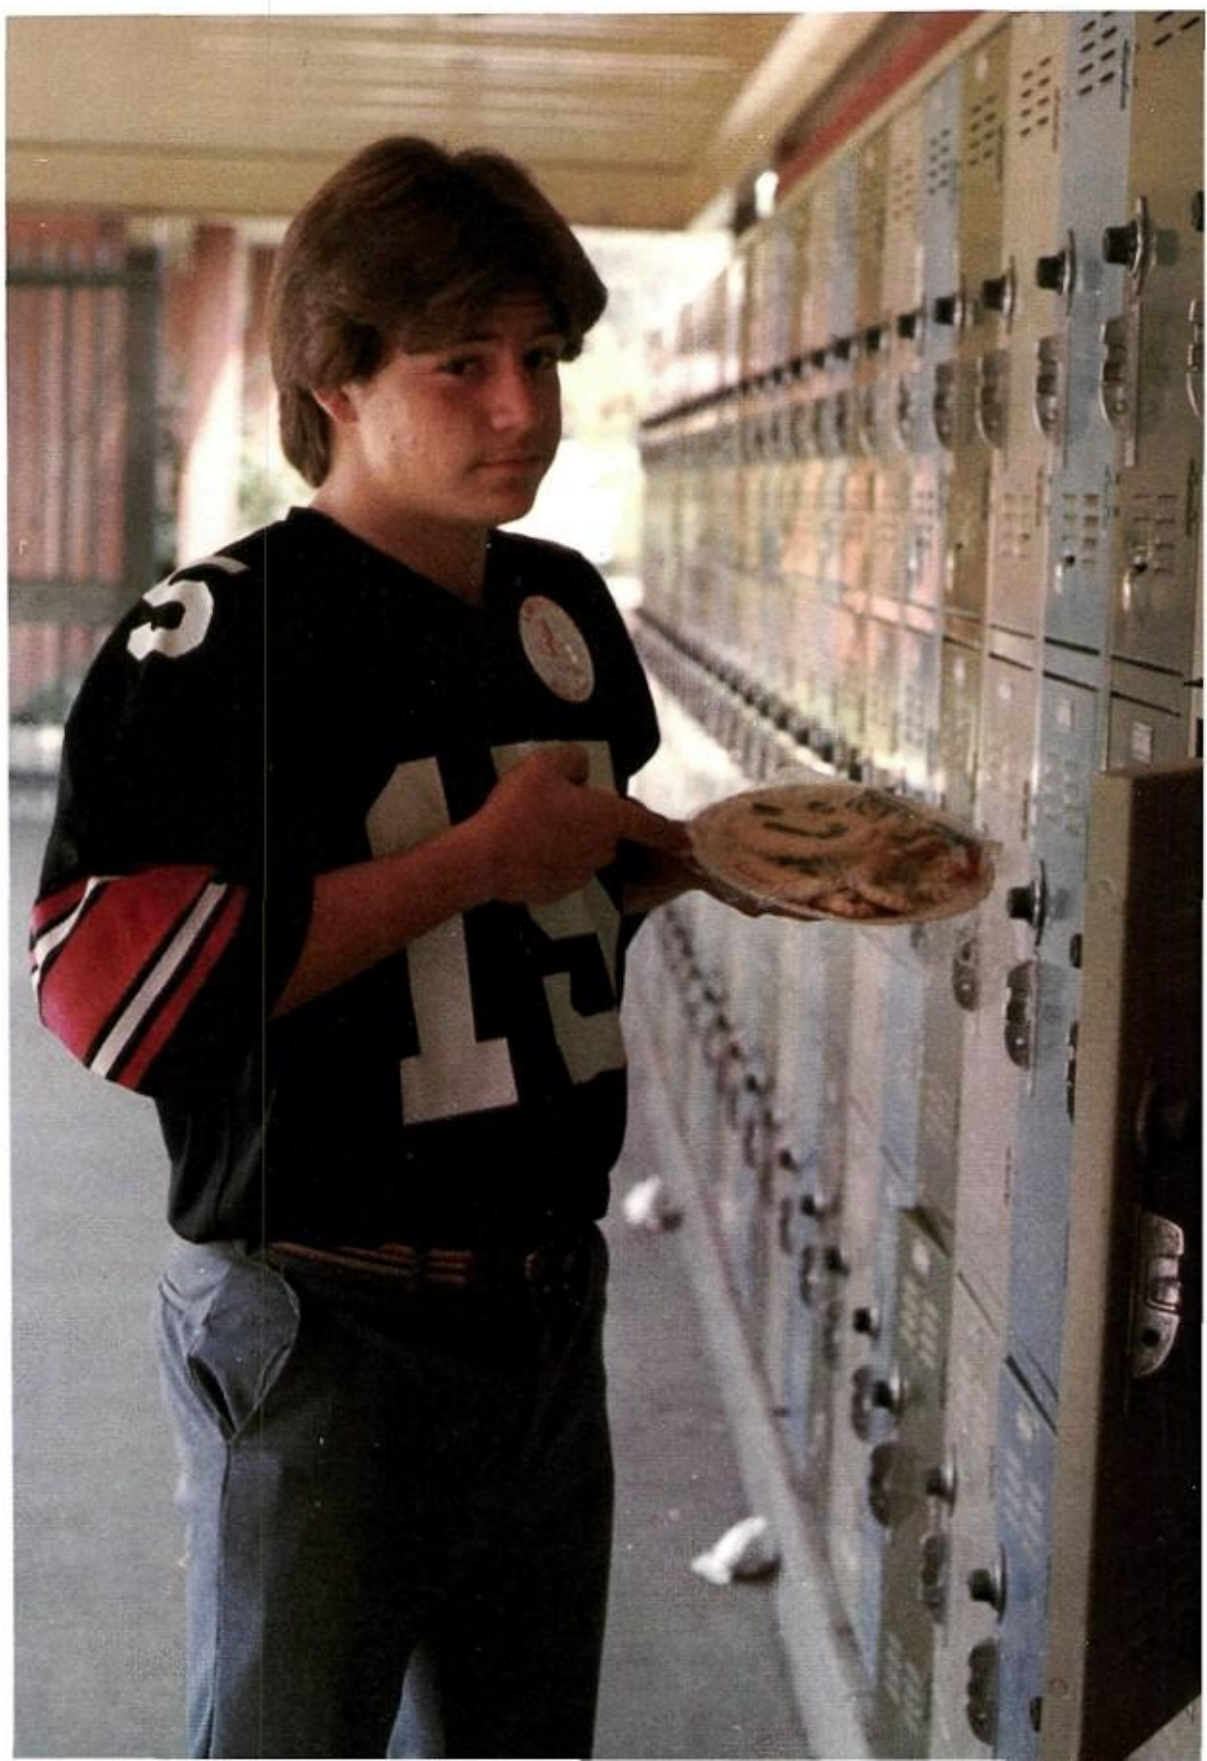

Far left: During registration, Mr. Kocher tries to convince Janice Hiller and Dawn Ahearn to enroll in his science class. *Second left:* Ms. Miller heads back to the health office after a coffee break. *Left:* PTA officers Mrs. Villa and Mrs. Carducci discuss upcoming activities with School Improvement Director, Reatha Neubert at the September faculty luncheon. *Above:* PASS teacher, Bob Satterfield, discusses counseling problems with Mr. Mesa and Mr. Christleman.

Loyal Fans

Top left: Neither rain, nor snow, nor paper banner could stop our football team. *Above:* "So this is what it's like to get the ball?" *Top right:* Our cheerleaders pepped up the pep rallies with their routines to the latest pop tunes. *Right:* Every game day, the cheerleaders gave our football players cookies and cakes. Here, Shawn Kramer and his spirited smiling cookies.

Produce Winning Spirit

Spirit at Berdoo is outstanding. SBHS pep rallies are rated #1 in the district, thanks to the pep band and spirited students. The teachers are also involved in these activities which help show their pride in our school. Maybe we didn't win all the football games — so what? We still have spirit — and that's what counts for a great school!

"I picture S.B.H.S. as one, big, happy family. They are one group united forever."

— Pat Borrego

Top: Jaque Curtis and Lisa Anderson sing the Alma Mater with pride. Above: In an effort to encourage everyone to learn the Alma Mater, the faculty set a good example by singing it at a pep rally.

Flags practice every day to get their routines just right.

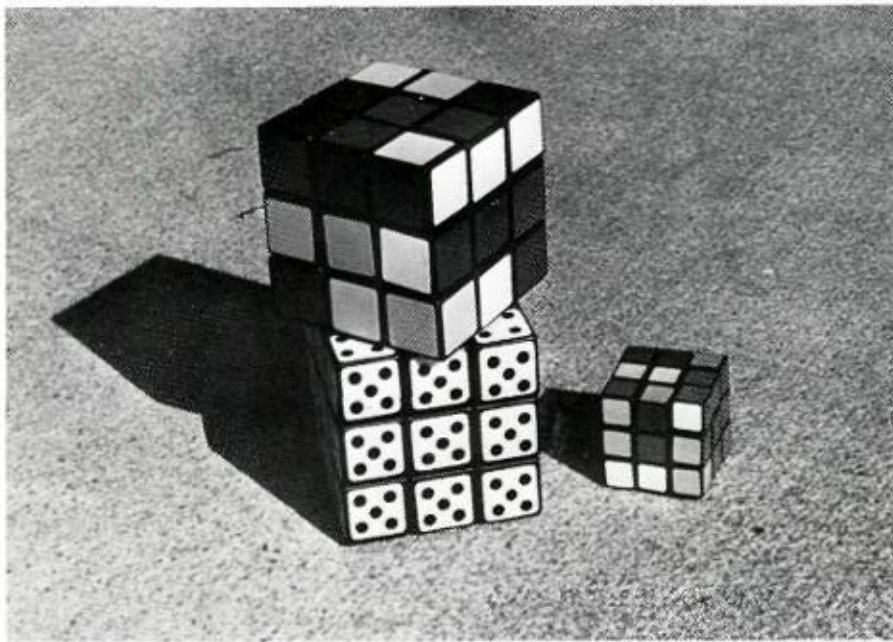

Trendsetters

Whatever image the Berdoo players wanted to project, there was something to accommodate them.

Fashion-wise, a wide variety of fads emerged. This year's wardrobe included everything from preppy angora sweaters to punk stripes and checker prints. Vans also made an ap-

pearance with more daring color combinations and prints.

For entertainment, there was the cursed Rubik's Cube. For some, it was just a few seconds of work, but for most, it was a hobby which lasted all year!

Rubick's Cubes were found in many of the teacher's and student's hands because of their ability to relieve tension.

Designer jeans were worn by both girls and guys. Pictured is a pair of Glo Vanderbilt's.

"Everybody wears designer jeans and boat tennis shoes"

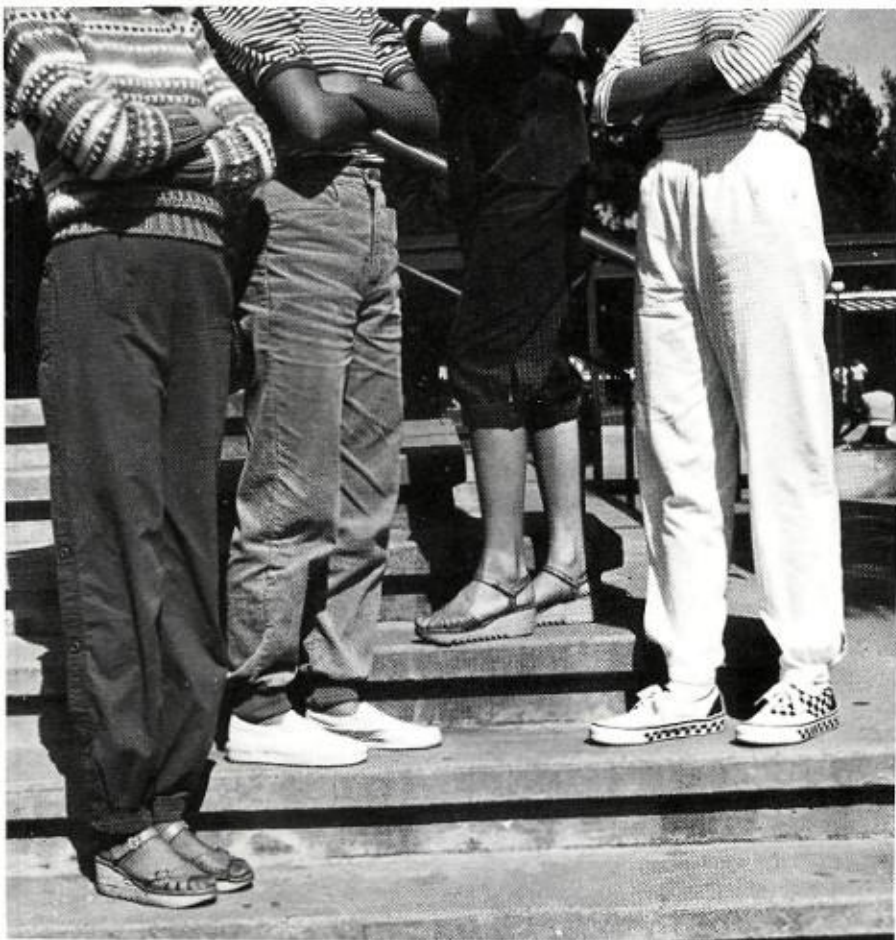

— Jackie Doucette

Vans made another appearance, and checkers became more fashionable.

Trish Aguilar, Kim Hotchkiss, and Karen Melton show off their stylish French and Hawaiian braids.

Baggy pants and knickers made a big and fashionable splash into campus life this year.

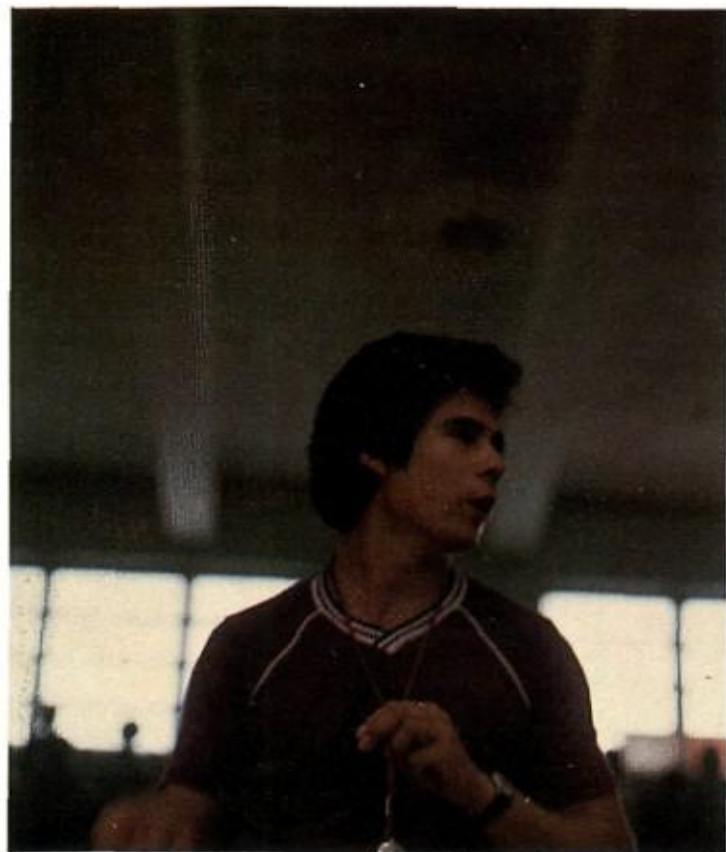

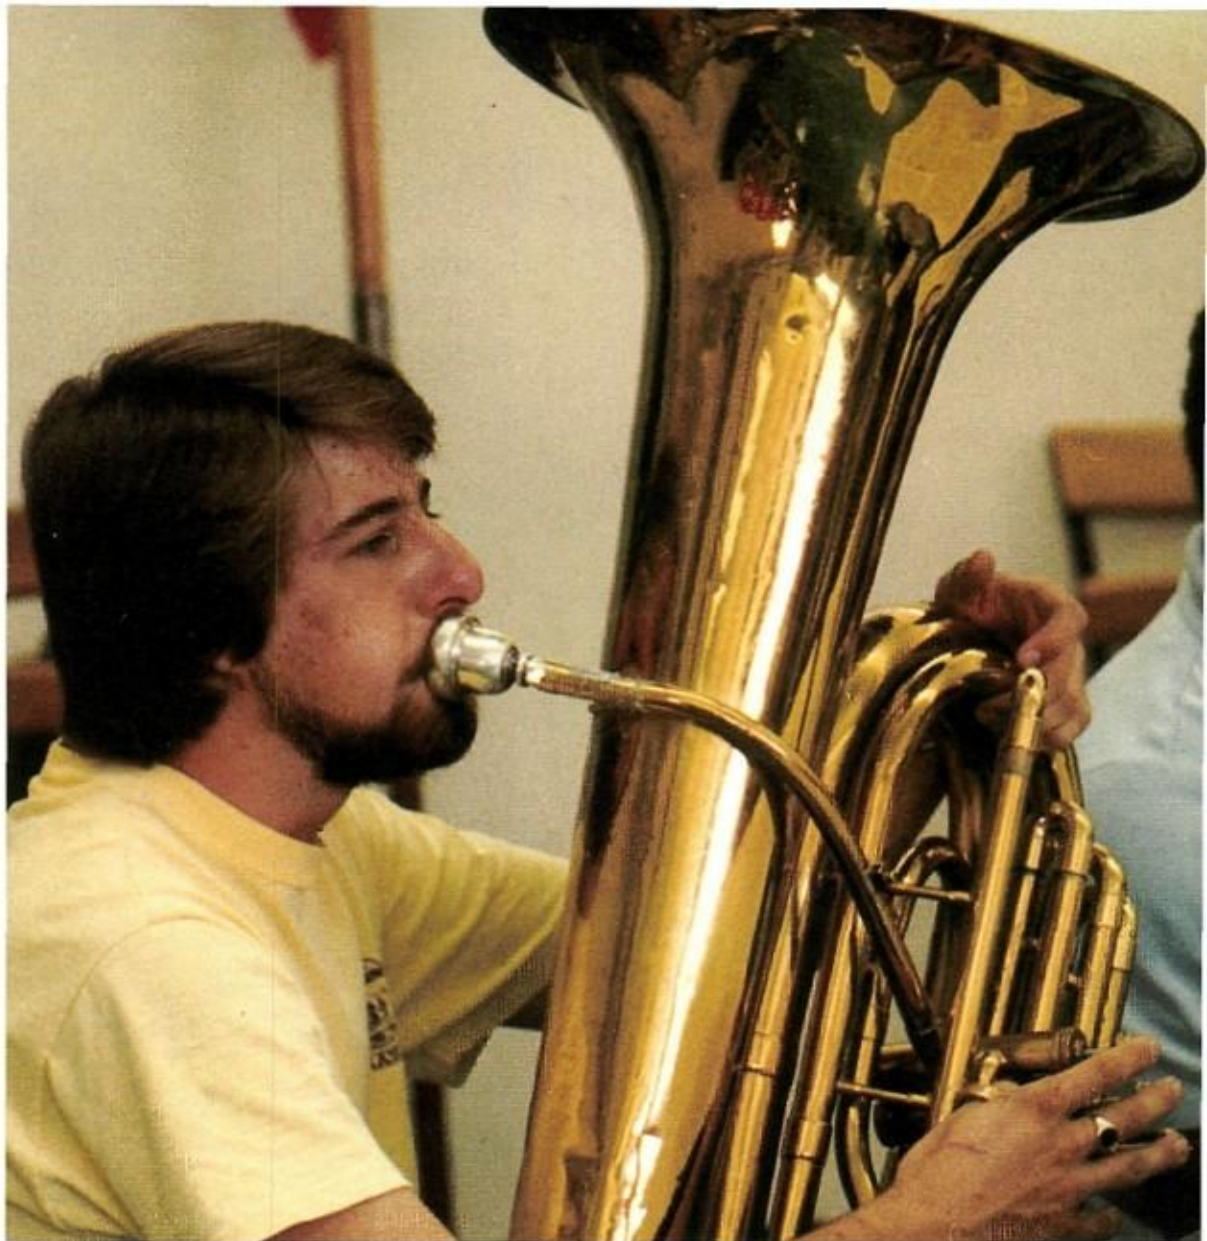

Lane Verden and Ellen Stein show us the "preppy" look, complete with La Coste shirts.

Dubbing In The Sound

The days of silent movies have indeed passed on our set. This season our band, better known as THE BIG RED MACHINE, livened up sports events, pep rallies, and parades, but there were also set-backs.

The band director hired at the beginning of the year left after only two weeks, followed by a temporary replacement, Mrs. Susan Miller, who stayed until yet another substitute, Mrs. Karen Cook, came. Finally, Mr. Russell Schissler arrived, and the problem was settled.

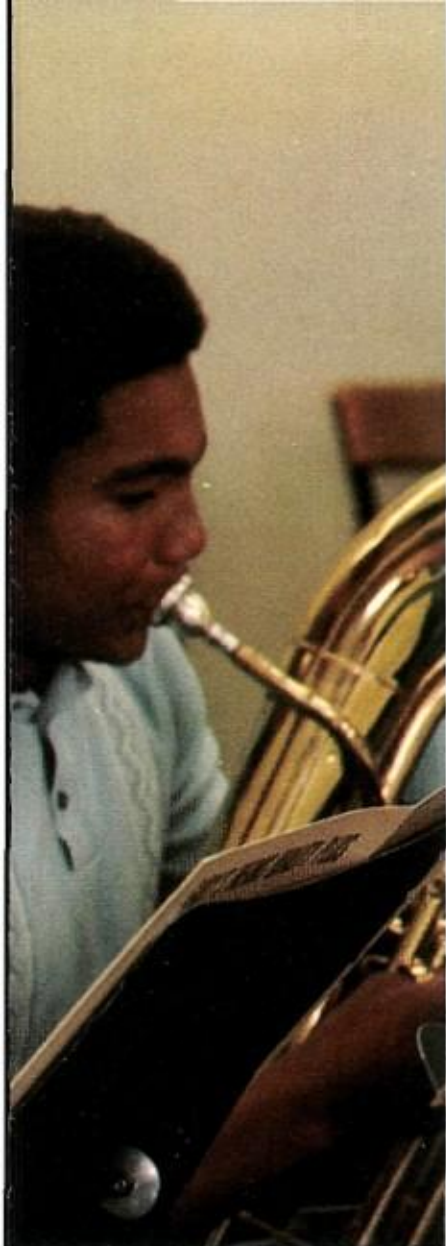

When asked to comment on the situation, student director, Tom Flores said, "Considering all the confusion we had this year, I think the band did a pretty good job."

Student Director, Tom Flores, directed the band frequently and superbly during this year of changing directors.

Top of page: Steve Reeves and Eddie Shepard blow the whole thing. *Above:* Tony Brewer, La Tanya Deshazier, Cathy Ramirez, and Steve Reeves, take a breather before their next Pep Rally number.

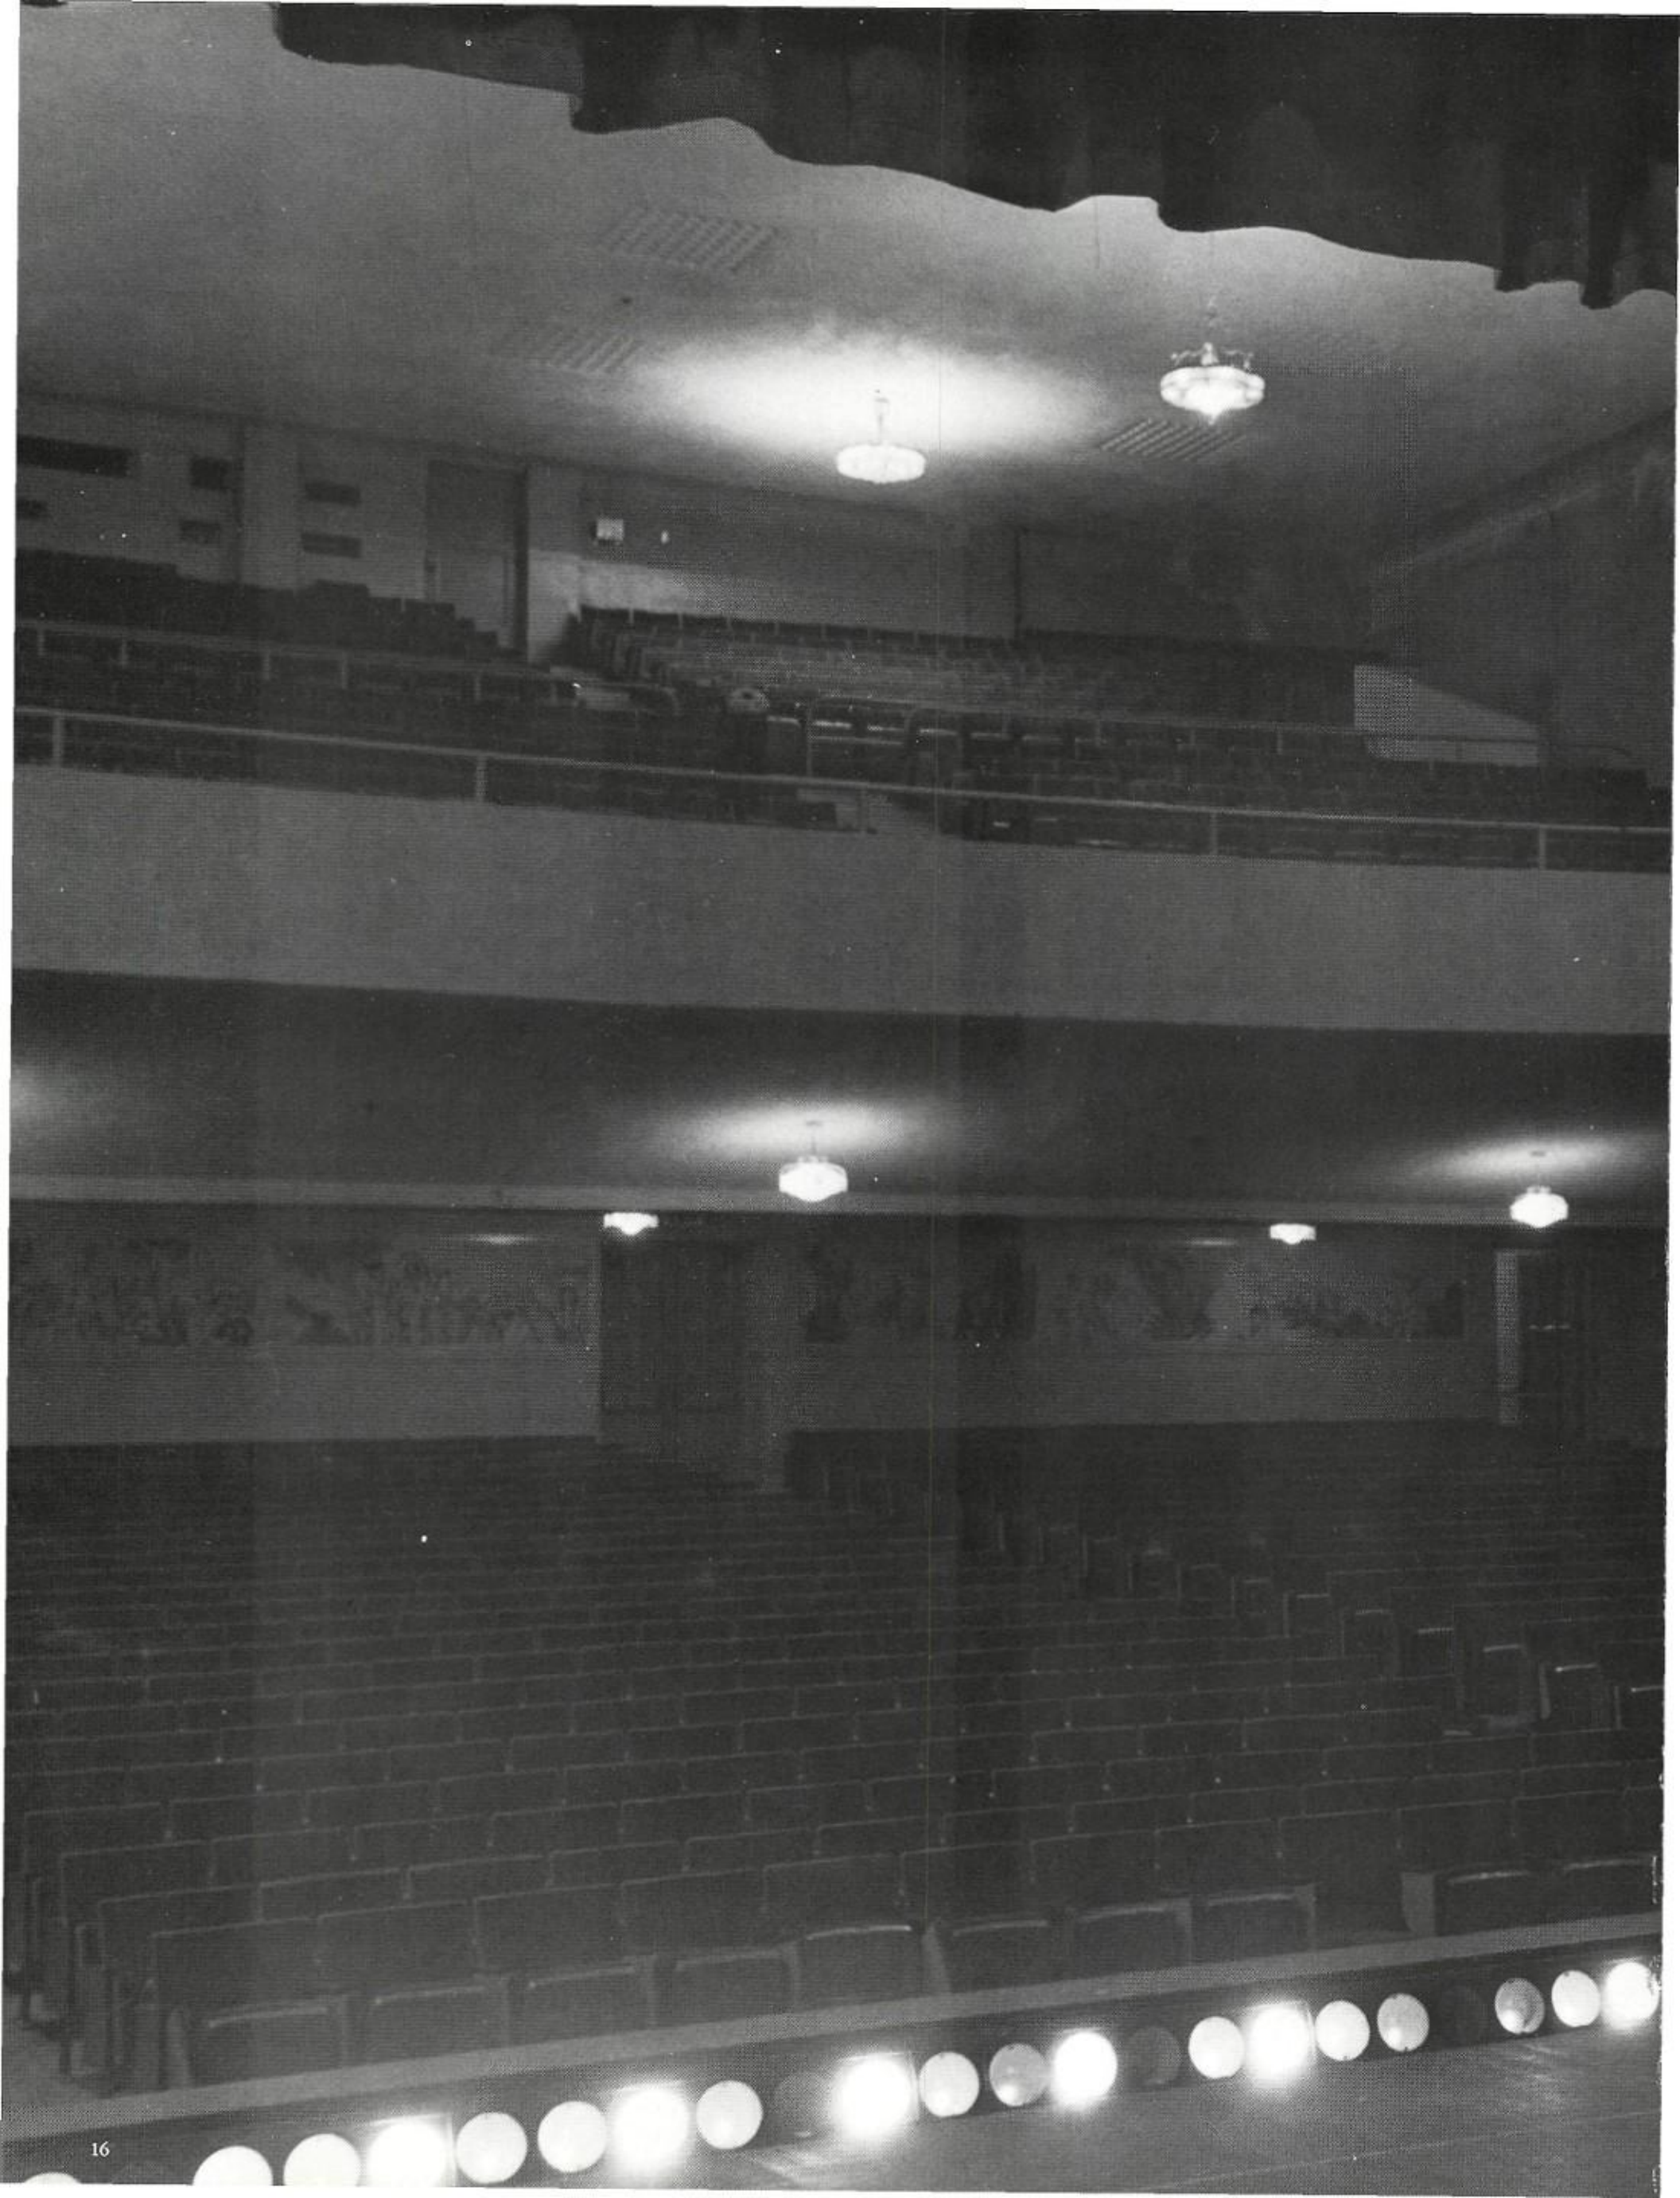

"The students of this band have not given up. Together they have worked hard on their own without a director and helped keep the Cardinal Band alive."

— Tom Flores

Tri-tom drummer Terry McGee, who's also had studio experience, shows the others how it's done.

Christine Carducci, Lela Leon, and Kathy Bryant help with the high notes.

The People's Choice

Journey, Coca-Cola, Jaclyn Smith, are these your favorites? Well, they sure are our favorites here at Cardinal City. A poll was taken in late November and produced some surprising results. Cards chose Clint Eastwood as their favorite actor. And who would guess football would win for best sport at our school? So look for your favorite here, and see if you agree with your friends.

SBHS Stars Shine . . .

Around The World

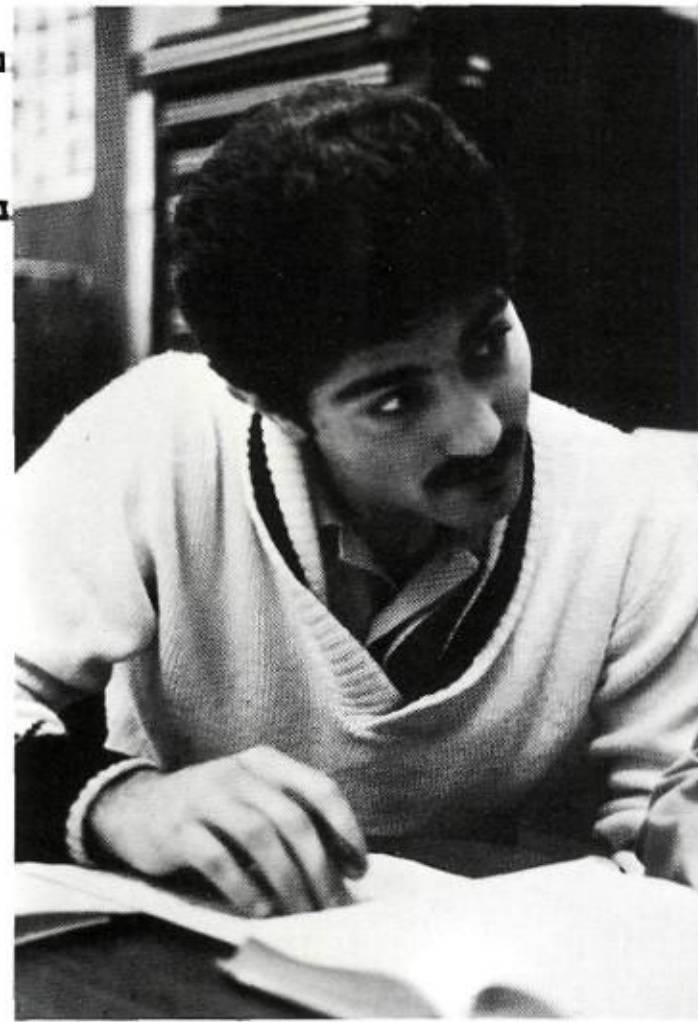

At Cardinal City we students are lucky enough to have four exchange students. One of the new programs starting this year is The Educational Foundation, **Katarina Perlhagen** is the EF student at SBHS. Kata is from Sweden and heard about the program from some of her friends. Kata enjoys swimming, knitting, and going to the movies. Kata says she came here to learn more English.

Juan Cardenal, another foreign student, comes to us from Zaragoza, Spain. Juan is not sponsored by any specific organization; he came on his own. Juan would like to stay in the United States and attend Loma Linda Medical School. He plans to pursue his career here in the U.S. Juan played on the Varsity Football team as their kicker. Some of Juan's hobbies are reading and writing novels.

Lennart Abel from Duisburg, Germany also came to us on his own and is living with friends here. Lennart plans to go back to Germany to go to college but is undecided about his field of study. Lennart enjoys classical music, going to church and playing both piano and pipe organ.

Our American Field Service student is **Marlou Haefner**. Marlou is from Hanover, Germany. She is living with Miss Hempstead our Vice Principal. Marlou heard about AFS through her school and decided to check it out. When she told her mother about the opportunity she was pleased because she had also been an exchange student. Marlou is not sure about her future ambitions right now. She says she's going to wait awhile to decide. Marlou enjoys drama and classical music.

We at SBHS will never forget the memories these special people have given us.

Football Homecoming

1981-1982 Football Homecoming Queen, Kathy Avila

Kathy Murdoch, first Princess

Julie Emery second Princess

October 30 was a very exciting night for all citizens of Cardinal City, especially the candidates for homecoming. The seven candidates were: Kathy Avila, Julie Emery, Joanna Johnson, Andrea Lee, Kathy Murdoch, Caryn Schobert and Sharon Stout.

Kathy Murdoch and Julie Emery were named first and second runner up, respectively. Kathy Avila was crowned 1981/82 Homecoming Queen at the halftime ceremonies.

In spite of a strong wind and some very temperamental stadium lights, the queen and her court were a big hit.

Halloween Homecoming Inspires Monsterama' Theme

The theme for Homecoming was Monsterama. Every class participated in building floats. The juniors won first place and the sophomores won second. After the game there was a dance with a live band. Everyone enjoyed the evening.

Caryn Schobert, Nick Herbert and Kathy Murdoch wrap up against the wind.

The Junior class float won first place.

Boys Basketball Homecoming

January 29, 1982 was the S.B.H.S. Basketball Homecoming, where we chose a queen and court for the evening.

During halftime, the excitement rose when the finalists for the Basketball Homecoming queen for 1981/1982 were announced.

Our Freshmen Amorette was Gina Diaz; Sophomore Sweetheart, Lisa Anderson; Junior Darling, Trish Aguilar. Then the moment everyone was waiting for . . . second Princess and first Princess were announced, Deborah Boothe and Dina Sposito, respectively.

The gymnasium was silenced waiting for the queen to be announced. "The 1981/82 Basketball Homecoming Queen is Beverly Garcia." The gymnasium rung with cheers.

Senior Candidates: Debbie Malone, Nancy Hubert, Kim Thomas, Judy Theis. *Not shown*, Jackie Riley.

Junior Candidates: Kim Hotchkiss. *Not shown*, Heidi Cunningham.

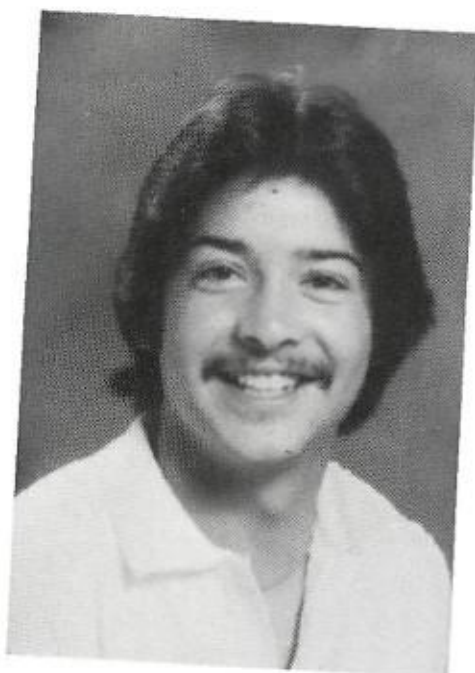

Sophomore Candidates: Carolyn Freeman, Lisa Anderson.

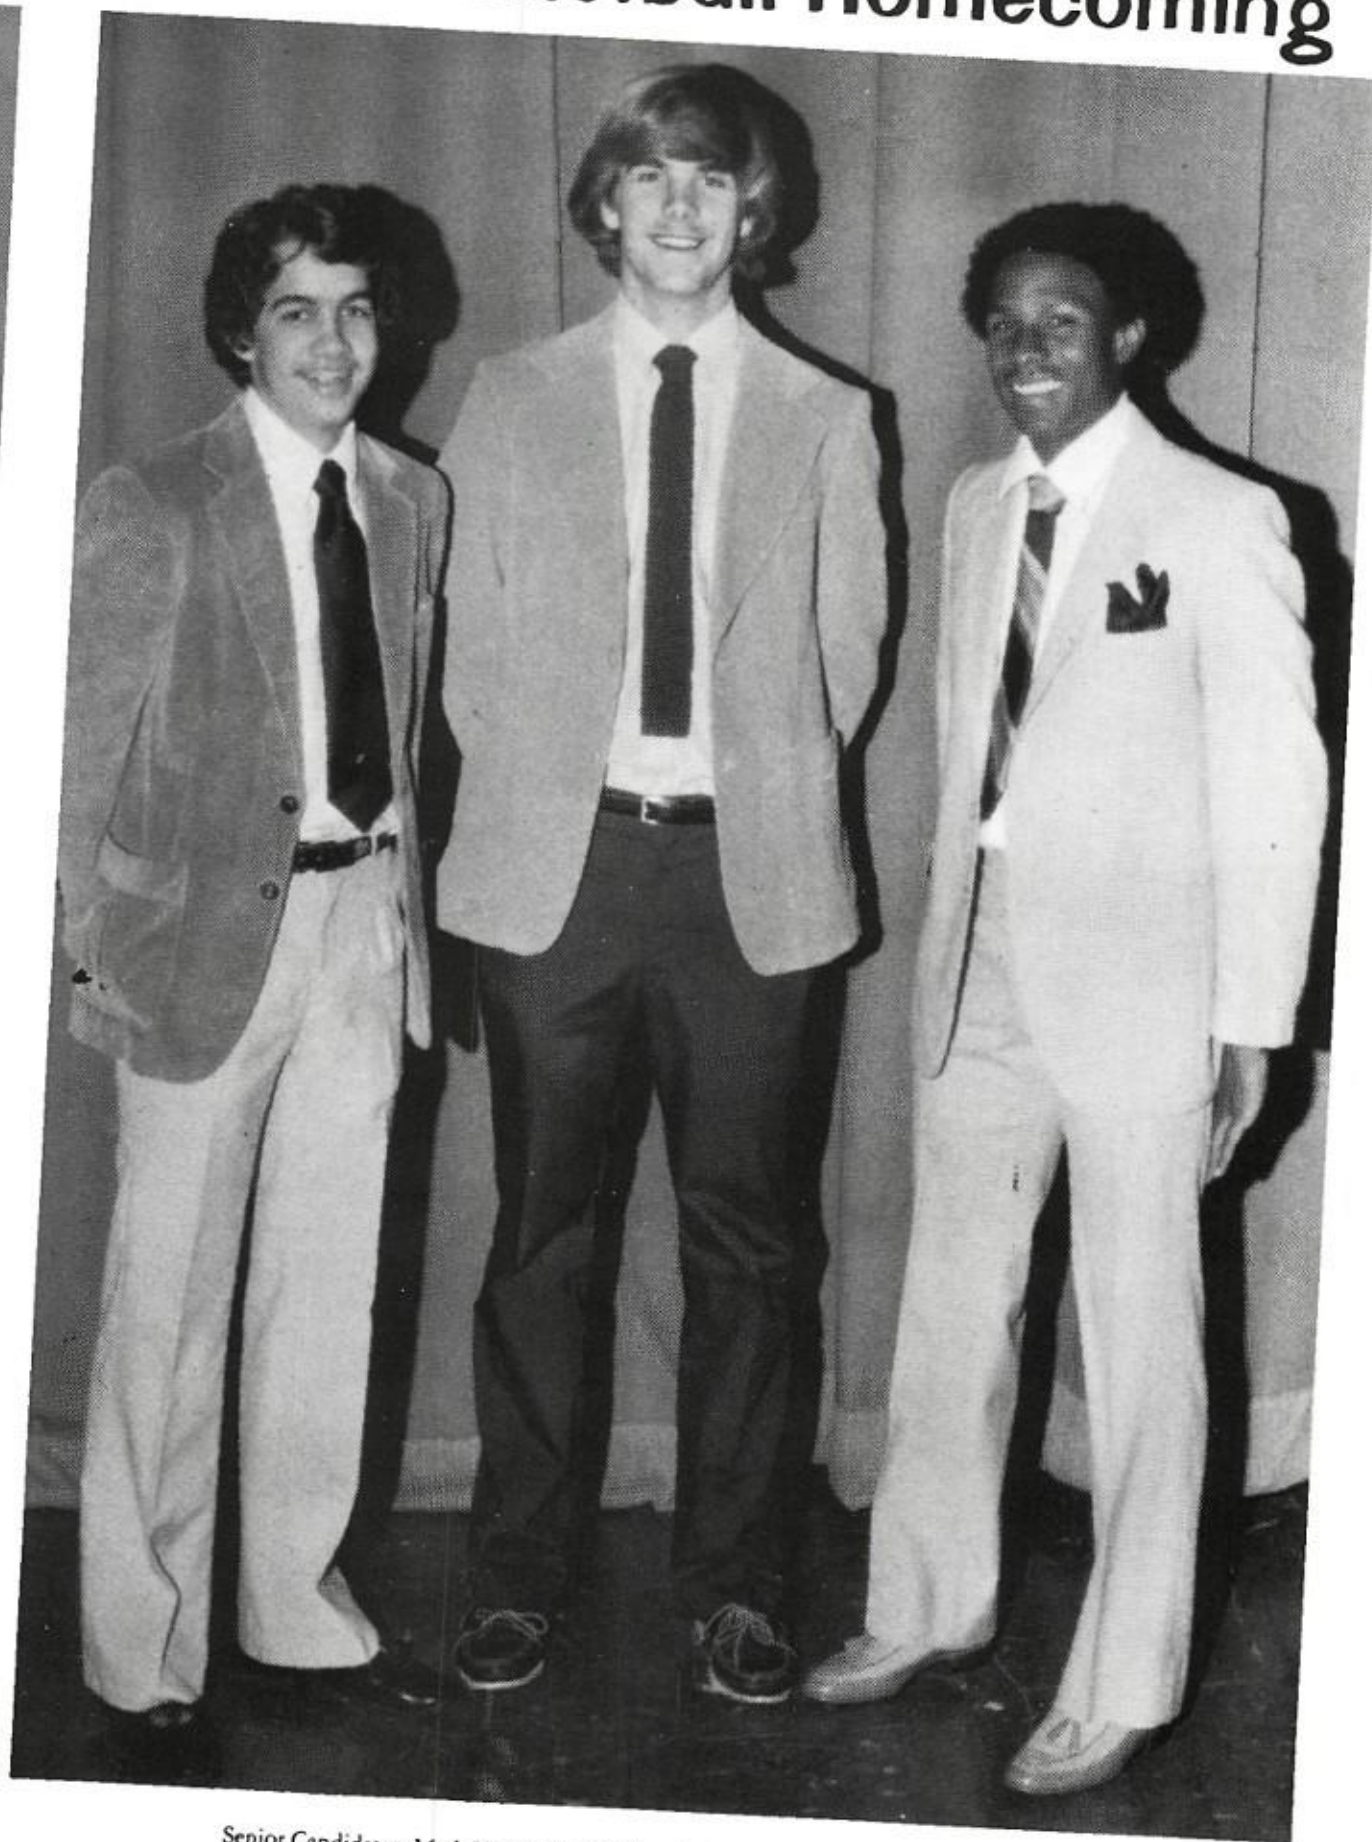

Freshman Candidates: Stephanie Jones, Alicia De La Cruz.

Girls Basketball Homecoming

1981/1982 Basketball Homecoming King:
Eugene Salsberry.

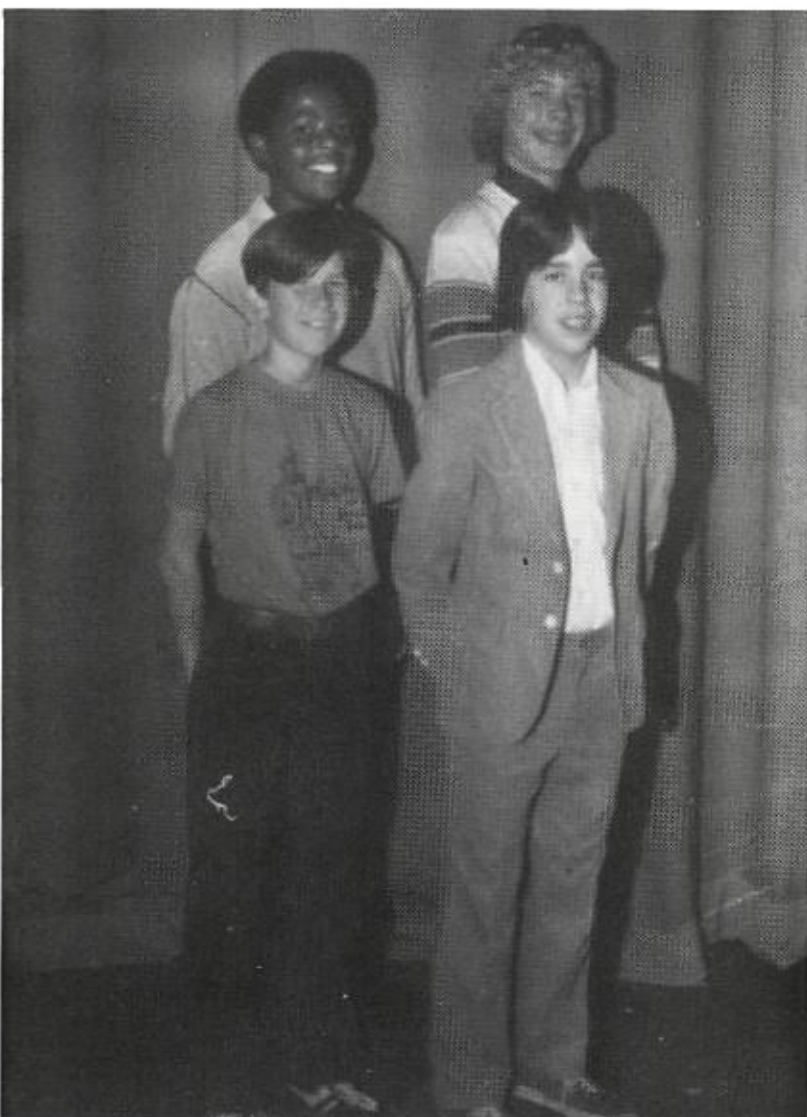

Senior Candidates: Mark Kinder, Jack Oakes, Basketball Homecoming King, Shelby Ford.

Junior Candidates: Prince Lemuel Wells, Steve Barta, Scott Brandon.

Sophomore Candidates: Mauricio Arellano, Prince Frankie Monge.

Freshmen Candidates: *Back row:* Prince, Richard Wells, Marc Carlson. *Front row:* Skip Smith, Brian Malone.

The Girls' Basketball Homecoming was just as exciting as the Boys'. At half time the winners of the Basketball Homecoming King and Princes were announced. Freshmen Prince, Richard Wells; Sophomore Prince, Frankie Monge; Junior Prince, Lemuel Wells.

Then came time for the King to be announced. For the first time in the history of Girls' Basketball Homecoming, there were two winners for King, Eugene Salsberry and Shelby Ford.

It was a great night for the girls and all the participants in the Homecoming.

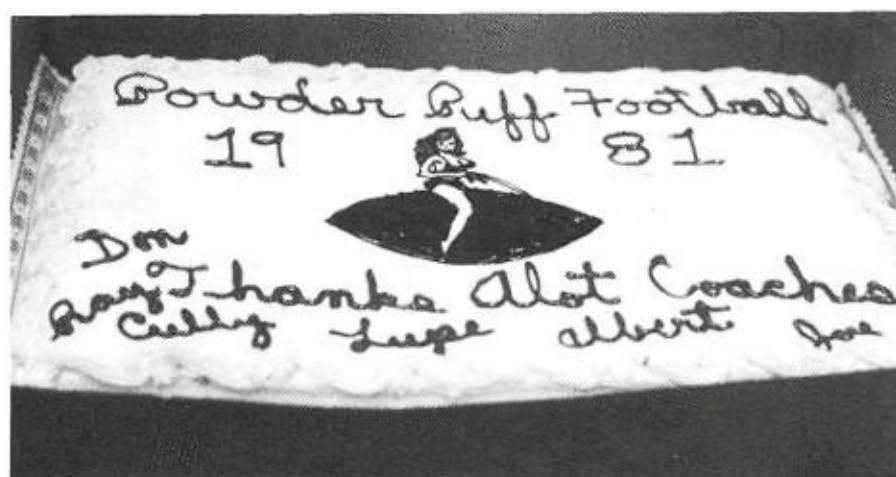

Seniors Sneak By Juniors In Powderpuff Game

December 16, 1981 was the big night between the Seniors and the Juniors.

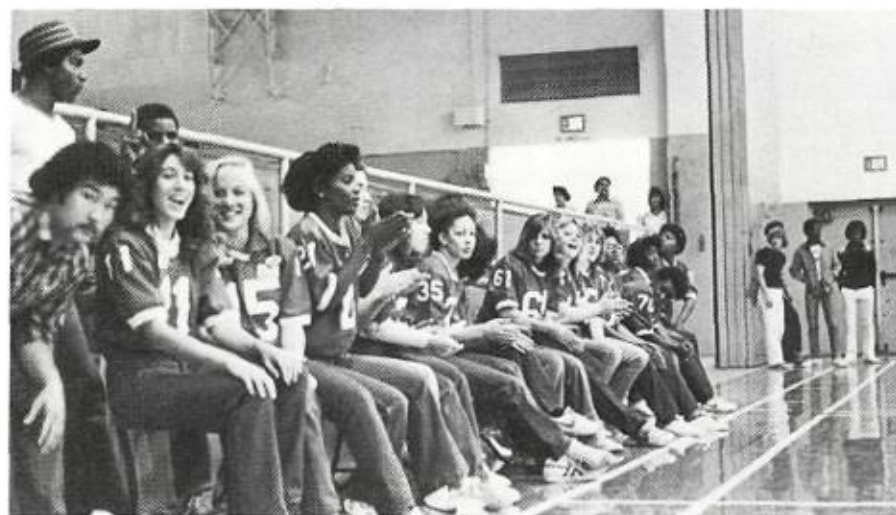

The war began at the Pep Rally where the Senior team and Junior team attempted to settle the argument with a ferocious tug of war which ended in a tie. It was to be settled out on the field that night.

A cease fire was called at half time to announce Curtis Walker as the Powderpuff Football King '81-'82. Kerry Carter reigned as Prince.

Once again, the Seniors managed to come out ahead by winning the game 2-0.

The Junior Players presented their coaches with a cake.

Senior Players: Kathy Avila, Nancy Hubert, Sharon Stout, Laureen Hubachek, Phillis Esqueda, Jackie Doucette, Janet Topeleski, Kelly Moore, Randee Roberts, Makeba Allen, Valerie Dixon, Debra Boothe, Marian Farris. *Not shown:* Erin Smith, Debbie Malone, Margie Berry, Anna Baltich, Christi Celestine, Kim Hershey, Pam Jones, Roberta Jones, Lisa Bell.

GIRLS VARSITY BASKETBALL GO CIF AGAIN

The 1982 Varsity Girls Basketball Team displayed talent, sportsmanship, and above all, plenty of action! Head Coach Dolores Dudek, who this year became the first woman Athletic Director in the history of SBHS, has again done a great job with the girls. With her skilled training, and the girls exceptional talent, the Cards were able to place first in the San Andres League and return to the C.I.F. playoffs for the second year in a row. The girls were the defending champs for the 1981 playoff games. They were unable to hold on to the title as they lost to Valley Christian 57-47. The team is now working for a shot at the title next year.

Boys' Basketball Makes It To 2nd Round C.I.F.

The 1982 Varsity Basketball Team headed by Coach Dave Baumgarten, really performed well. Working together as a team brought them many victories. Using their many talents and expertise, the Cards were able to go as far as the second round in the 1982 C.I.F. playoff games. The guys are really shaping up.

Jay Vee And Freshman Basketball Hang Tough

The 1981-82 Jay Vee and Freshman Basketball Teams worked very hard this season. With Doug Howard heading the Jay Vee team, they were able to work together to create a good sense of team spirit, as well as to better themselves at their game. Freshman coach Jerry Duffy, worked very hard with his team. All of the players from this season have a pretty good shot for making the varsity team in the 1982-83 season.

Girls J.V. Basketball Keeps Movin'

The Jay Vee Basketball Team finished it's season with a record of 8-9. Under the coaching of Claudette Carter (a former SBHS basketball player), the team worked together and performed better than in previous years. Many of the girls worked hard this season to better their chances for a position on our title-winning varsity team next season.

Here come those mighty Cardinals.

Quarterback Tony Nation looks for an open man.

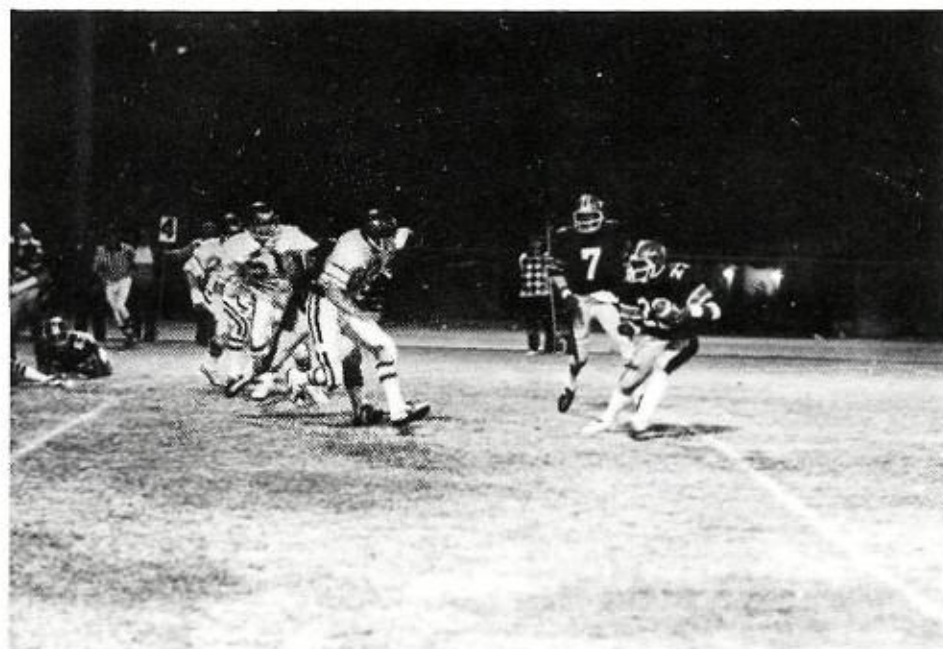

The Cardinal football team, led by head coach Frank Pierson, had a tremendous playing season this year. Although the season wound up with a record of 0-6, the team really displayed teamwork, talent, action, and overall a better brand of football. With its pride and enthusiasm, the team succeeded not only in generating team work but a sky high school spirit as well.

JV's plan strategy in an attempt to beat cross-town rivals, San Geronio.

JV's huddle to decide the next play.

John Tillman, the new JV head coach, has brought the J.V.'s to their first winning season in three years. The first two games, it seemed like the Cardinals were going to be a victim of the fourth losing streak (that continued to plague the Varsity team this year), by losing to Norco (6-0) and Colton (18-6). They took the chance they had to beat Aquinas in their first home game. At the end, the Cards came out on top winning 21-0. The school had new pride in the JV's and they were the talk on campus. By the fourth game (against Pacific) the J.V.'s were drawing the same number of spectators as the Varsity.

Powder Puff 1982

Seniors 2 — Juniors 0

The Powder Puff game between the seniors and juniors was an exciting game except for one small mishap in which the sprinklers came on, but that didn't stop the teams from playing the game to the end. The seniors finally came out victorious with a score of 2-0 over the juniors.

Soccer Keeps Kicking

The 1981-82 SBHS Soccer team experienced many ups and downs this season. The coach for this year's team, Mr. Don Clark, contributed experience and a great deal of time. Although the team won only one of it's seventeen games, the players achieved good sportsmanship and self-discipline.

One of this year's soccer captains, Steve Barta, said, "We're very inexperienced but we've learned a lot. Next year with everyone returning, we should improve our record greatly."

SBHS Mat Men

Pin Down Victory

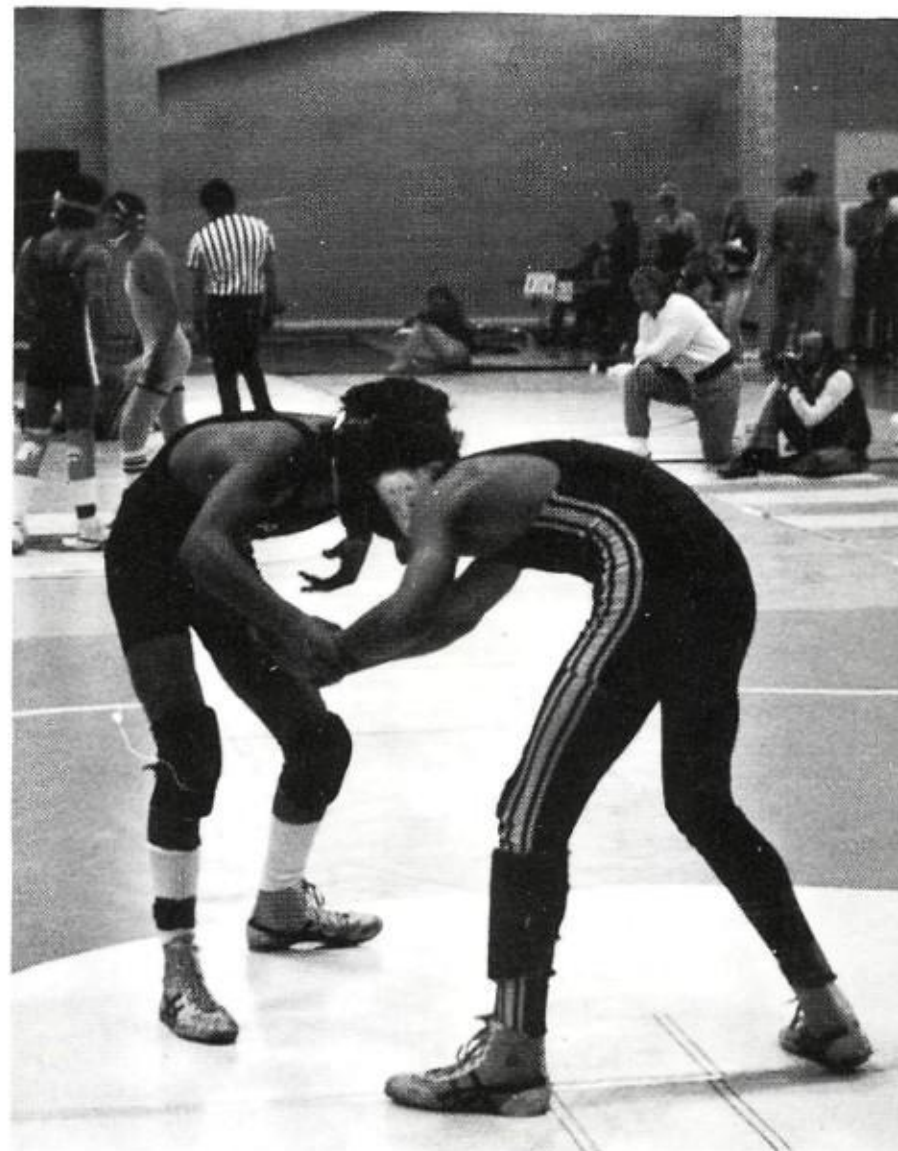

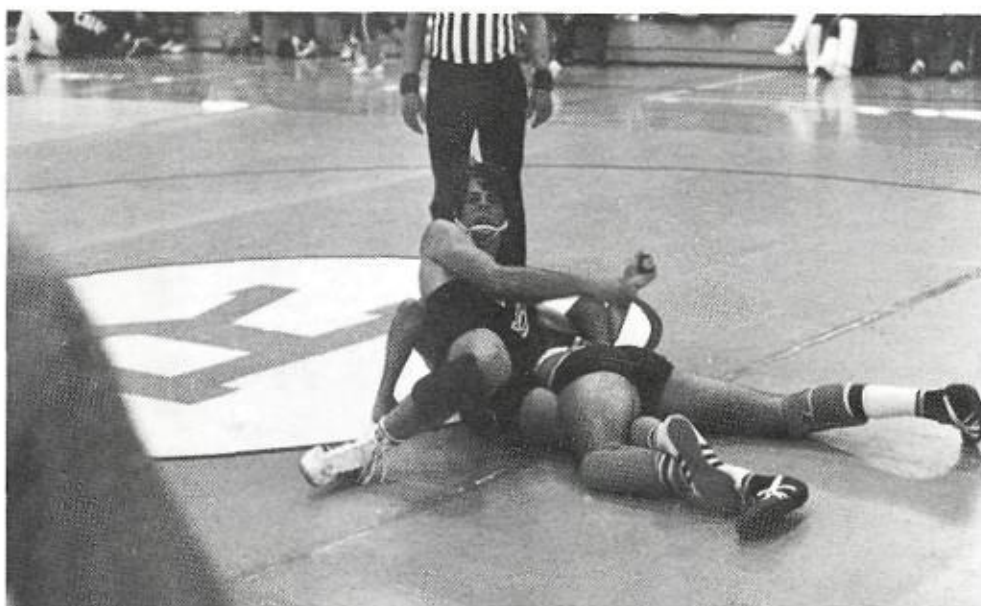

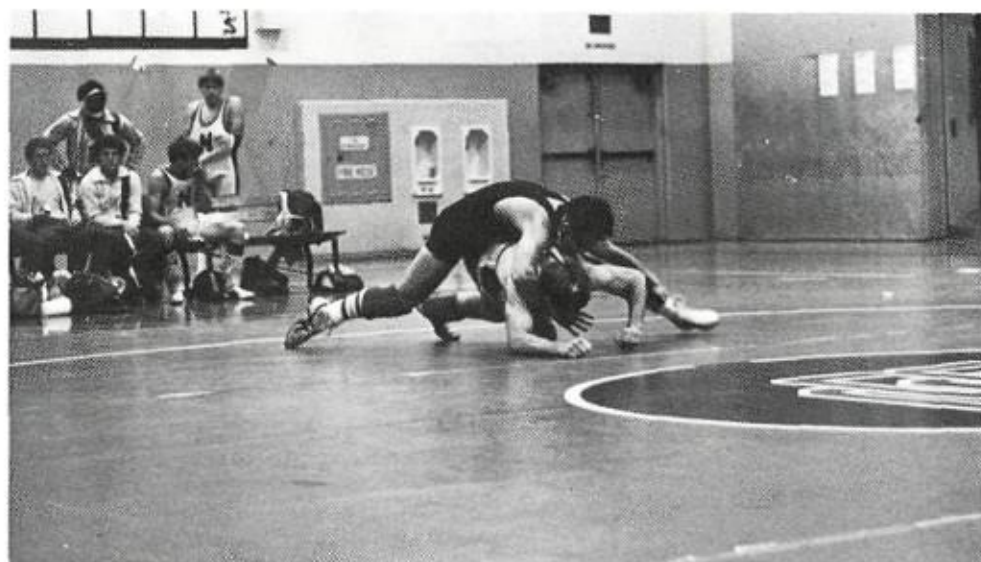

The SBHS Varsity Wrestlers slammed their way through San Andreas League and California Interscholastic Federation competition. Led by the outstanding coaches Gilbert Chapparo and Bob Vargas, the team attained many personal victories.

A lack of members on the team kept the team's victory score low. Because of the scoring system, every member of the team might win his match but the team as a whole would lose on forfeits in those weight categories which SBHS was unable to fill.

Ronnie Rodriguez, Captain of the team and an outstanding wrestler, won a fourth place in state competition. Three other wrestlers advanced to CIF along with Ronnie: Reynaldo Garcia, Cesar Sandoval, and Roger Light.

Varsity Baseball Is A Hit!

With the coaching of Ron Schrempp, backed up by some of the best defensive players that San Bernardino County has seen in some years now, The Cards gave us an exciting and winning season. They impressed their fans and opponents with their outstanding talent and fine sportsmanship.

SBHS Softball swung into the season with a new Varsity coach, Carol Martin. She is an excellent coach, and the girls work out very hard with her. The team is off to a good start, and it hopes to continue the good work throughout the rest of the season. Jay Vee coach Jan Ebey is very pleased with her girls. Ebey says "The girls are playing together as a team. They encourage each other, and the team spirit is really great!" Overall the team is made up of some very good athletes.

Golf Tee's Off To A New Season

Coach Lloyd Leary, and his golf team did not expect to have a good season this year with only six players, and four of them underclassmen, the team really needed more experience. Although the team didn't do as well as previous teams, they accomplished more than they thought possible within their limitations.

Varsity And JV Volleyball

The Volleyball Team was not very popular this year. The team members worked very hard throughout the season, but because of the lack of participation they were unable to serve up the best records possible. Coach Jan Ebey was pleased with the performance of the team, and hopes to come out with a winner next year.

Tennis Team Really Swings

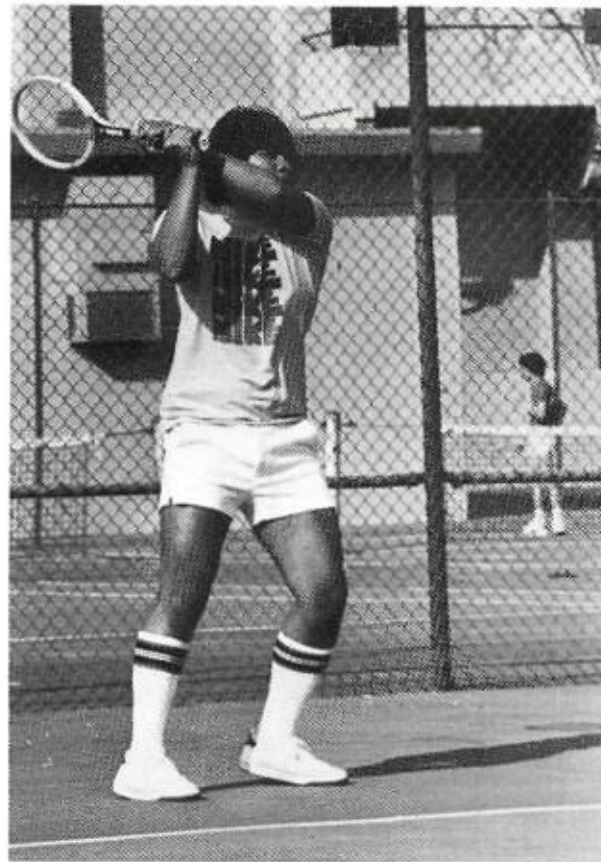

This year's tennis team was the strongest ever at S.B.H.S. They had an excellent chance to take their league undefeated, and go on to at least a place in C.I.F. playoffs. The team is made up of talented players including many returning players. Coach Don Mettica is proud of his team.

Tennis Team Serves Up Action

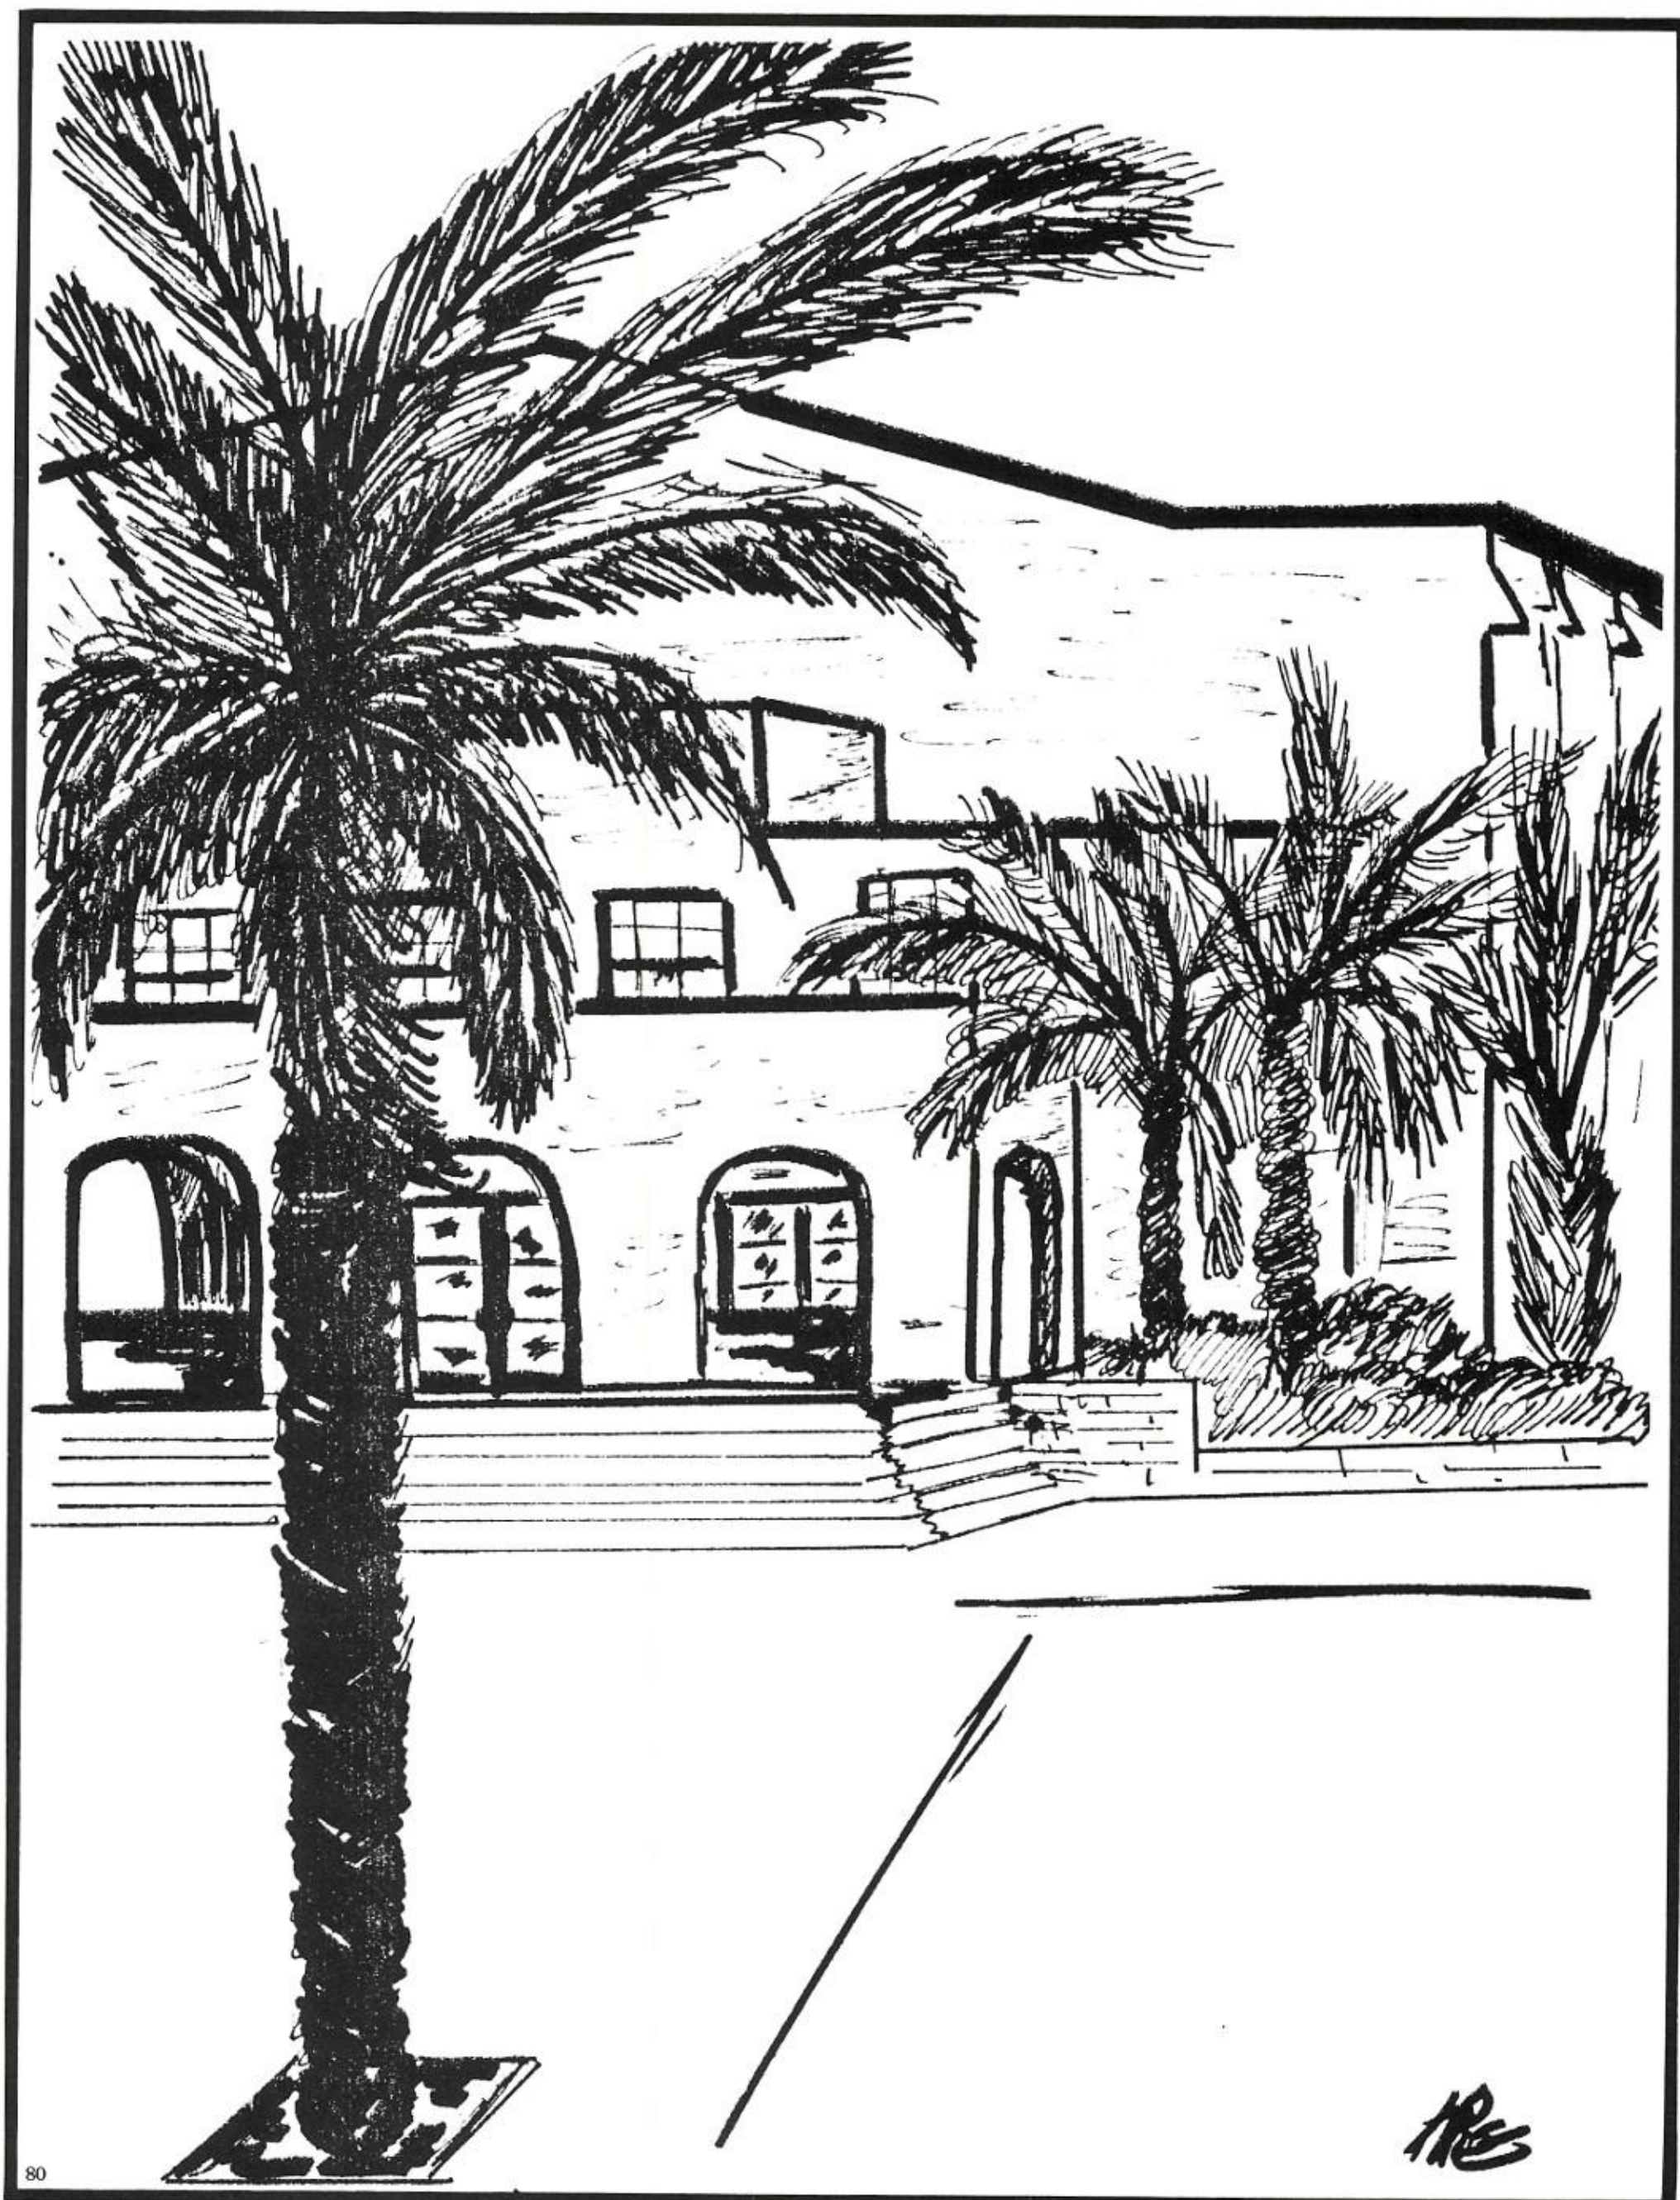

The 1981-82 Tennis team improved greatly. They won two pre-season matches, but weren't so lucky with their league games. The season record was 0-15. Although the team has not been successful, the returnees are looking forward to next year's season. They are not planning on a losing season next year. The girls are looking for an edge that will lead them on to great victories in the future.

Major Productions At Cardinal City Are Organized By SBHS Student Council

To the citizens of Cardinal City:

As my last semester of high school draws to a close, I am looking forward to the future with great expectations, and yet there is a certain sadness about leaving Berdoo. One of my most rewarding accomplishments of high school was being your mayor. I have had the pleasure of serving you this year and hope that I have served you well. Of course, not all of my time in high school was perfect, but the majority of my high school years spent with you has been great! There will always be a piece of S.B. High in my heart wherever I go. Thanks for making my year as mayor the best year of my life.

Better Leadership Responsibility — Goal of Student Council

Not many people know what Student Council does. This year Council kept busy organizing and conducting Homecoming ceremonies for Sports Events, planning pep rallies and assemblies and holding dances.

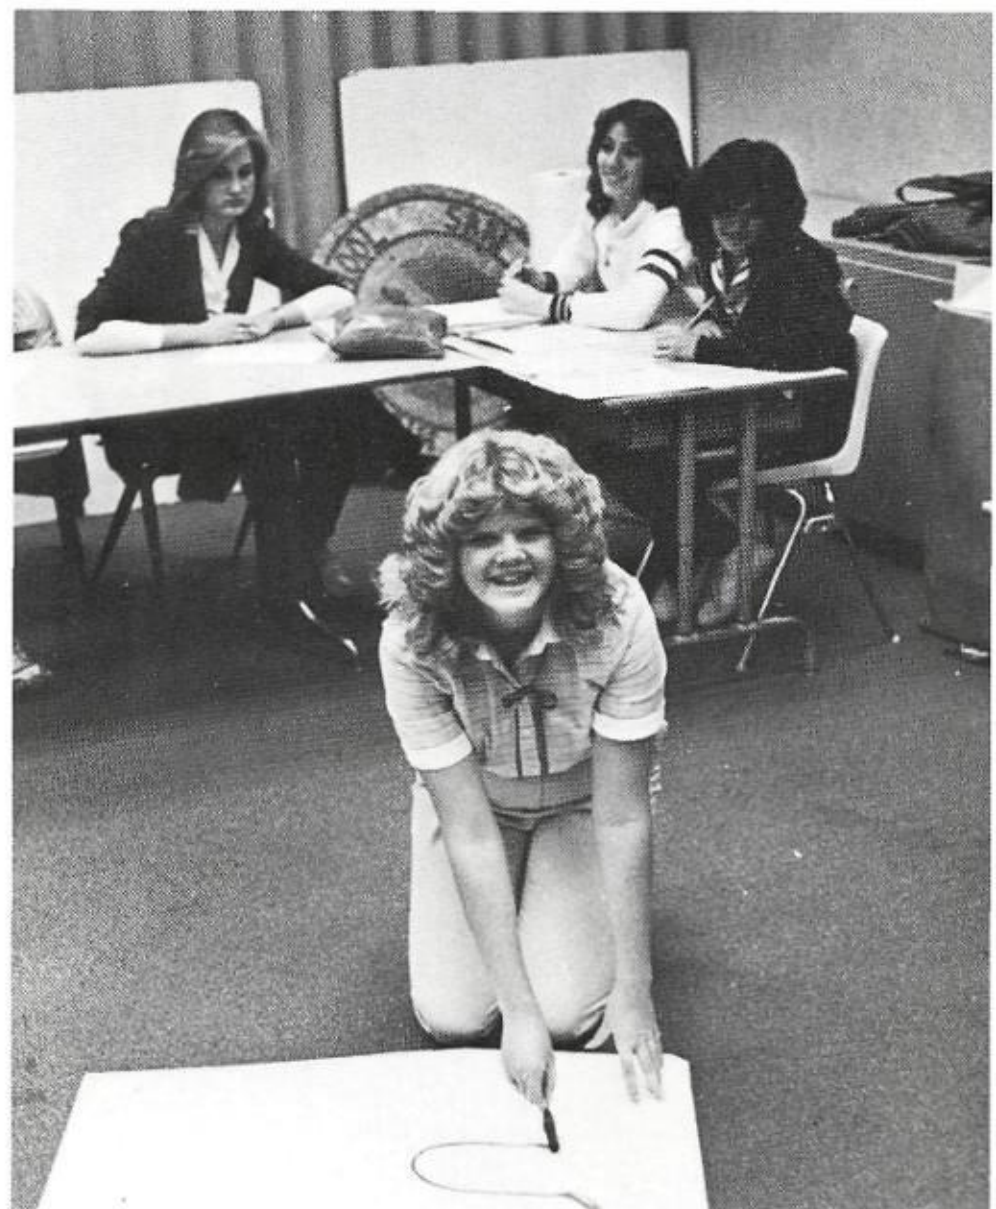

Student Council was hit hard by the budget cuts and a great deal of effort was spent on fund raisers as a result. Some of those money-making activities included selling colorful canisters filled with popcorn and candy. A paper drive was held in which the classes competed against each other for the prize of a free dance and 50% of the paper drive profit. Major goals were to hold more dances and involve the students with more and better noon activities.

Tyro 1982

The TYRO '82 staff started the year out new from advisor to staff. Meeting deadlines, soliciting ads, running a sales campaign, and setting up pictures kept the rookie staff members on their toes. Recording an entire school year is a lot of work, and, once you learn the ropes, a lot of fun!

Tyro Times

The Tyro staff was excellent. They worked together to meet each deadline. They also produced a really good newspaper. It kept us up to date on everything that was happening on and off campus.

Financial difficulties caused some tense moments, but the Tyro staff came through with great papers all year long.

KARD Returns To Shake The Quad

Back on the airwaves again was KARD Radio. This year, as always, students operated and programmed the station that provides us music to eat lunch by. In addition to supplying the quad with music, KARD Radio gives its staff experience in on-air reading, which could prove helpful in future broadcasting careers. Unfortunately, KARD was forced to shut down for a few weeks in the middle of the year due to vandalism, but necessary changes were made and broadcasting was eventually resumed.

A.V. Adds The Sound

Everybody's seen someone from the Audio Visual class at one time or another. They're the ones who set up for assemblies and hook up all the sound equipment. But few people know of all their other duties. They tape boys' sporting events so the players can see their faults and correct them, they build any needed sets for assemblies and other productions, and they're planning to put on their own weekly on-campus video program. Mr. Grimm, the instructor of the class, says it "gives people experience with video equipment and lets them see what they look like on camera."

Students Help The Elderly

The Hospital Occupations class is a unique and special one. The class is taken off campus Monday through Thursday to Valley Convalescent Hospital to observe and participate in the duties there. The students take the patients for walks around the hospital and give them showers and baths. Taking

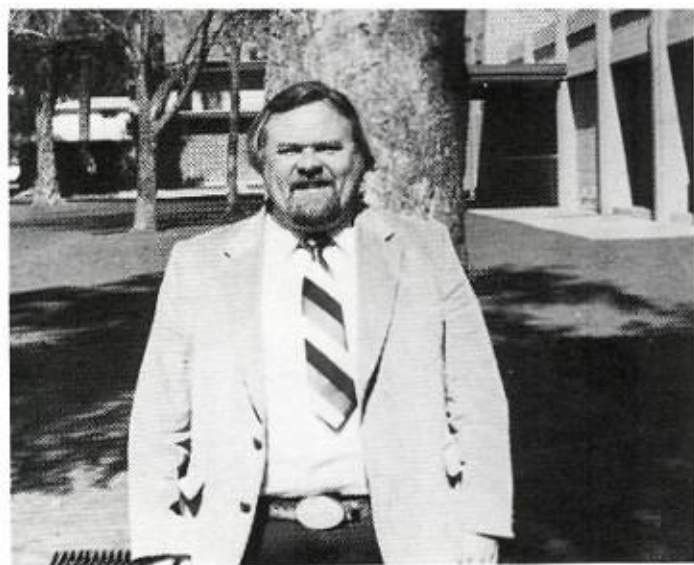

blood pressure and Cardio Pulmonary Resuscitation are taught to the students aspiring to the medical professions. But the special part of this class lies not in the student official duties; but in the fact that they serve as companions to the patients, some of whom have so few.

Lyrics By Choral Department

There are two groups of singers in the SBHS choral department, the Chorus and the Cardinal City Singers. Each of these groups rehearse at different times in the morning. The other difference between the two is in the way that they perform. The SBHS Chorus emphasizes singing and producing a good tone, while CCS also uses choreography. With dedicated members like these, it's not a wonder we had a terrific year!

SBHS Jazz Band They've Got Rhythm

If you have ever heard the SBHS Jazz Band perform, you know it's something fantastic! Some of the best music of our school is heard coming out of the horns of these musicians. In fact, our Jazz Band even played for Governor Brown. Even with the changing of directors, the SBHS Jazz Band had a great year!

Star Poms

The 1981-82 Pep Squad was great. They put themselves into every move and routine to make it just right. Their long days and weekends of practice really showed at both the pep rallies and games.

Spirit, Color, And Action — The SBHS Drill Team

This year was a year of changes for the SBHS Drill Team, Tall Flags, Swing Flags, and Signiture. Many new members joined the team this year and with the support of their new sponsor, Mrs. Dorothy Martin, the march of improvement began. Together, they brought color and spirit to our football games and Pep Rallies.

Music By . . . SBHS Band

The beat still goes on after disaster hit our band this year. By the end of the first semester, the "Big Red Machine" had five directors; each with new ideas and styles of music. In spite of the changes, the band carried on, each time with new hopes for the remainder of the year. The loyal musicians stuck with it, and brought music to the football and basketball games — the little extra that makes everything special.

Tom Flores, '81-'82 Drum Major held the band together through four directors.

After several directors tried and failed, David Hamilton came to the rescue of the band in February, 1982.

Two Bouncing New Clubs

Volleyball Club

The Volleyball Club is made up of the Varsity and Junior Varsity players. The Club has fund raisers to make money to help their team buy trophies and certificates for the end of the year banquet. Awards went to Mary Gillespie for Most Improved Player, Heidi Cunningham received The Captain Award, Petite Cunningham won Most Valuable Player, and Jeri Cox received The Coaches Award. Ms. Ebey serves as sponser and Coach of both the Team and club.

Basketball Club

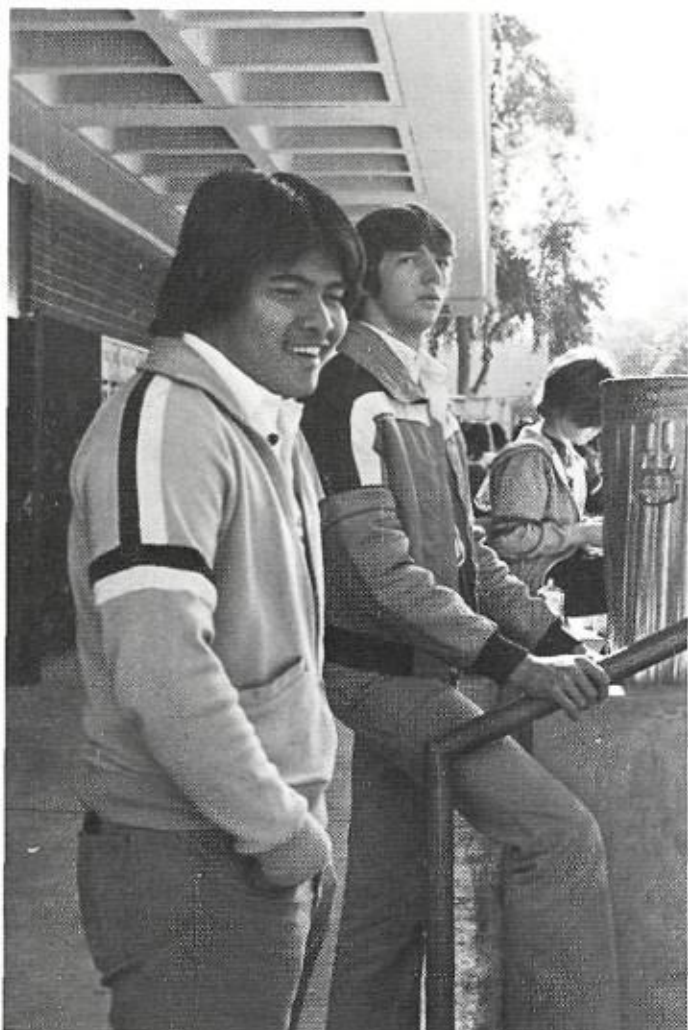

The Basketball Club is a new club on campus. They only had a few fund raisers but they said they'll be the best club on campus next year.

Awards went to Jackie Riley most rebounds — 415, Heidi Cunningham most points — 497, Chauntae Fitzgerald most assists — 140 and Heidi Cunningham most steals. Amber Aguliar received most improved player and Honorable Mention. There was a five way tie for most outstanding player, Amber Aguliar, Heidi Cunningham, Chauntae Fitzgerald, Zelendria Frelax and Jackie Riley.

BLOCK "S"

The BLOCK S is a club on campus which is composed of Lettermen at SBHS.

The members usually get together and raid rival schools. BLOCK S was not that active with school activities but maybe they'll promote more spirit next year.

Active and Involved — Good News Club

The purpose of the Good News Club is to generate Christian Fellowship, spread the Gospel of Jesus Christ, and to render service to the school. The members get together and talk about their problems and their relationship to God.

The club's activities have been many. They've had car washes and sucker sales. They've sponsored a "Life Line" concert in the quad and showed a movie, "Football Fever", to the students at lunch free of charge. They sponsor guest speakers on topics such as "How to Know God." Bible studies, seminars, and theatre parties are included in their busy calendar.

The officers are: President, Patti Flohr, V. Pres., Andrea Lee, Sec., Gigi King, Treas., Walter Lungren. The sponsor is Mr. Kocher.

AFS Promotes Friendship

The AFS (American Field Service) club has two purposes. One is to host the foreign exchange student and guide him/her around the area to places of interest. The other is to promote international friendship.

This year marks the 20th anniversary of the San Bernardino chapter of AFS. In 1962 the principal of S.B.H.S. met with several others and had the first official board meeting here at S.B.H.S. to start the San Bernardino chapter.

This year's activities included the 20th anniversary chapter meeting, a Christmas party, a jog-a-thon, a trip to NBC studios and a St. Patrick's Day suckers sale. Plans were made to go to Magic Mountain.

The foreign exchange student is Marlou Haefner and the officers were: Janice Hiller and Suzanne Olivas — Co-Presidents, Randee Roberts — Secretary and Karen Mixon — Treasurer.

Sobobans — Scholarship and Service

Sobobans is a club for junior and senior girls who have at least a B average and are active in service clubs on campus. After being accepted into the club, the members must continue to be active. The purpose of the club is to render service to the community and school.

The club was started by Winfred Poss, a P.E. teacher, in 1938. She wanted to start a service organization for outstanding scholars. S.B.H.S. was the first school to have a Sobobans club in the district and from here it spread to other schools.

The name comes from an Indian tribe called the Sobobans who used to live in this area. There is an old legend associated with the club which tells of two girls, walking in the rain, who shared their umbrella with another girl who didn't have one. The club has several symbols — an Indian head symbolizing the old Indian legend, an umbrella symbolizing unity of friendship and a rose which stands for inner beauty.

Sobobans helped with women's club's activities, the PTA International Festival, sang at convalescent homes during the holidays, and held their annual Faculty Feed.

The California Scholarship Federation (C.S.F.) is the highest high school academic organization in California. Membership for four or more semesters qualifies one as a California Seal Bearer with the privilege of having a gold seal on the diploma and wearing a gold cord and tassel at graduation. Seal Bearer status also helps greatly in being admitted to college.

To qualify for C.S.F., a number of things must be done. A student must have two classes meeting University of California entrance requirements and one college preparatory class. A minimum of ten points must be earned on the last semester's report card in courses other than Physical Education, with "A's" equalling three points, and "B's" equalling one. Seven of these points must come from college prep classes.

N.H.S. Plans More Activities

The National Honor Society is a service club dedicated to creating an enthusiasm for scholarship, promoting leadership, and encouraging development in character in the students of San Bernardino High School.

Membership in the club is based on scholarship, leadership, service, and character. A student must maintain an average of a "B" in all his or her classes and be nominated and approved by an executive committee consisting of faculty sponsors and club officers to be considered for admission.

Plans for some activities of the N.H.S. unfortunately fell through this year, but the group luckily managed to hold a fund raiser and plans more activities next year. Officers of this scholarly organization for this year were Chester Anderson, President, Suzy Nassralla, Vice-President, Corey Saenz, Secretary, and Randee Roberts, Treasurer. Sponsoring the group was the capable Phoenix English instructor Wanda Waldeck.

BSU Keeps the Black

Heritage Alive

B.S.U. (Black Student Union) is organized by students who are concerned about the Black American Heritage and would like to better relations between races. Every year B.S.U. presents events and is usually active all year round. They have traveled to Hollywood to see tapings of "Gimme a Break", "Different Strokes", and "The Jeffersons". Another event that took place recently was the Miss Black History Queen Pageant where four contestants from S.B.H.S. participated and Miss Janice Williams was crowned queen.

Key Club Stays Active

The Key Club is an organization affiliated with the Kiwanis Club formed to serve the school and community. Any responsible male or female student who has a satisfactory grade point average may join.

Activities for the Key Club leaned more towards community service than school this year. Among their activities for 1981-82 were ushering for the Civic Light Opera for the two stage plays "The Music Man" and

"Oliver", helping at a Christmas carnival for the handicapped, assisting at the local Special Olympics, and participating in a reseeding project. It certainly was one of the most active clubs this year.

Officers for this year were Chester Anderson, President, Mike Sokoloff, Vice-President, and Corey Saenz, Secretary-Treasurer. Mr. Wheeler sponsored the organization, and Mr. Black was the Kiwanis Club representative.

Interact Reactivated

Interact is a club providing service to the school and community that is sponsored by the Rotary Club International. It was reactivated this year after a two year hiatus from this campus.

Interact was surely one of the more active organizations at Berdoo this year, especially for a newly activated club. They sponsored a food drive to put together Thanksgiving baskets for the poor, had a food booth at the Parent-Teacher Association's International Luncheon, and usher for the Civic Light Opera and work on getting a bus stop bench for a certain local bus stop in the future.

Mr. Christelman was the sponsor of the group for this year.

El Club De Estudios Hispánicos

The Spanish Club was established to teach Hispanic language, Cultural awareness, and Ethnic harmony.

Mr. Galarza, the new Spanish teacher, is the sponsor of the club. With his recommendation, club approval, and enrollment is second year Spanish with a "C" grade average or better, you can be a member.

Mesa and Multi Cultural: Emphasis on Minorities

MESA (Math Engineering Science Achievement) is a club whose purpose is to upgrade the achievement of minority students in the math/science area. The club sponsors activities that are designed to enrich the students' regular programs. These activities are tutoring and independent study groups, academic, university and career advising, summer programs, field trips and scholarship incentive awards.

MESA is in its fourth year at S.B.H.S. Since the beginning of the program, 25 of the 30 graduates are now in state universities and colleges. The program here at S.B.H.S. is funded by Harvey Mudd College in Claremont as are programs at Garey, Gladstone, Damian and Pomona High Schools.

The activities included field trips to UCIrvine, UCRiverside, Cal-Tech and USC, for an Engineering Day.

MCC

Multi-Cultural Club was formed to fill the gap that exists in the lives of Mexican and Vietnamese students who aren't used to the social atmosphere on campus. In the club they can share their cultural differences.

These students get a chance to become more involved in activities at S.B.H.S. These activities include parties, programs, field

trips, and community projects. For example, every year for Cinco de Mayo, the members donate a pinata to the children at Casa Ramona, an organization something like a Boy's Club or a "Y" which offers tutoring and other activities to children. This Christmas they sponsored a "Toys For Tots" program and a Multi-Cultural assembly, with songs and stories showing how different

countries celebrate Christmas. Mr. Rocha and Mr. Galarza helped Mrs. Watson put on the assembly.

The officers are: President — Chi Ho, V. President — Rosario Medina, Secretary — Maria L. Cardenas and Treasurers — Mario Gonzales and Huong La. The sponsor is Mrs. Watson.

Judy Harding, Kim Singley, Cyrena Rios and Mrs. Watson display toys donated to "Toys For Tots" at Christmas.

FFA — Future Farmers of America — is a nationwide organization, sub-divided into states, regions, sections and chapters. The local chapter is here at S.B.H.S. known as FFA or the Agricultural Club. The purpose is to promote an interest in agriculture in high school students.

Every year the club goes to a Convention in May and to the Orange Show where they participate in plant competitions and speaking contests. They also have plant sales and attend Field Days.

To be in the club students are required to be enrolled in an agriculture class. New members start as greenhands and can move up to chapter, state and American farmers.

FBLA Teaches Business Skills

F.B.L.A. is a scholarship giving organization which encourages students to learn saleable business skills.

The club's activities for '81-'82 were the installation of officers at the Mediteranean Restaurant, a Magic Mountain trip, and a fund raiser.

F.B.L.A. offers for this year were: Sharon Stout, President; Debbie Booth, Vice President; Jeri Cox, Secretary; Grace Martinez, Treasurer; Cecil Braggs, Historian; and Wilma Stamps, Judith Rose, Patricia Borgego, and Lisa Jewett, Social Committee Members.

Title I Program

The Title I Program, under the direction of Dan Rocha, Title I program manager, assists identified Title I and Bilingual students in improving their reading, writing, and math skills.

Six especially designed "learning labs," each with a resource teacher, help in student achievement. Students are rotated through the lab so that they can each have an opportunity to receive this individualized help.

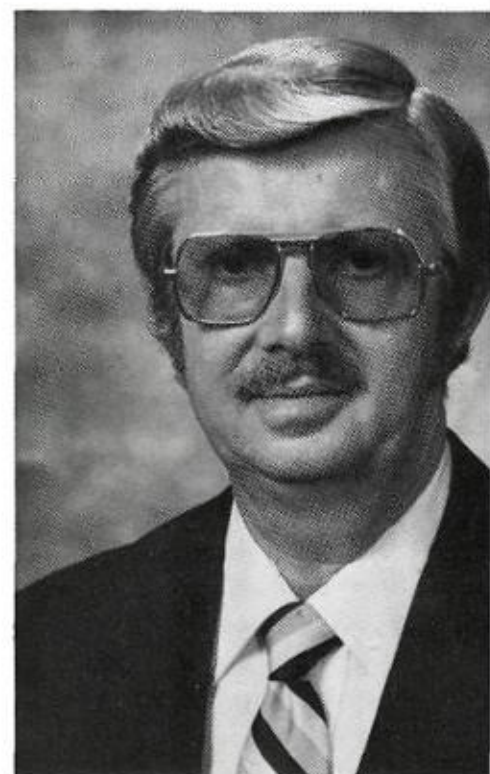

The overall Title I Program is a comprehensive educational experience that receives a student at whatever level he/she is achieving and builds from the student's strengths. Motivation and goal-setting are part of teacher objectives. The highly-trained professional staff provides not only the "over and above" services prescribed by the letter of the law, but the "above and beyond" in the spirit of the law. Each subsequent section details an overview narrative of each specific lab.

Mr. Dan Rocha, Title I Program Manager.

Communication Arts Lab

Mr. Lowell Buch, resource teacher, is in charge of the Communication Arts Lab. This lab provides students the opportunity to improve their English language oral and written skills through the use of video tape, cassettes, radio, and other audio visuals. Students create their own skits and plays and enjoy reviewing them. Students become better speakers by doing classroom presentations and recording school activities on the TOP line.

Mr. Lowell Buch, Resources Teacher.

Cross-Cultural Lab

The Cross Cultural Lab works with Bilingual students in improving their English language skills. Eleven different language groups including Spanish, Vietnamese, and Chinese are represented. Students are assisted in their regular classroom by five language tutors — Ly Sinclair (Vietnamese), Connie Reagan (Chinese), Lydia Farkas, Eppie Guillen, and Alicia Colunga (Spanish), who help students in conceptual skills development. Mr. Ed Saenz, resource teacher, teaches two periods of E.S.L. and coordinates the Bilingual program at S.B.H.S. Multicultural activities and materials provided by this lab help in cross cultural understanding.

Connie Reagan, with a student, Chinese language tutor.

Ly Sinclair, with a student, Vietnamese language tutor.

Christy Smith, Tutorial Assistant.

Reading Lab

The Reading Lab supervised by Jolene Johnson, helps students to become better readers. Students are individually tested to determine their reading weaknesses and are given assignments to fit their needs.

A positive approach to reading, coupled with an individualized learning experience, provides students with an opportunity not always available through the regular instructional program. "Reading as the key to success" is the focus of the reading program.

Jo Goodman, Title I Senior Clerk.

Support Staff

That smiling face and warm friendly greeting belongs to Jo Goodman, Title I Senior Clerk, who maintains the smooth operation of the office. Besides typing, filing, answering phone calls and performing a multitude of other duties, she is the "resident expert" on the use of the IBM Display Writer System. Always ready to assist parents and students, she enjoys her grandchildren as they too plan to become "Cardinals."

Lupe Martinez is well known in the community as a former staff assistant, and has the distinction of being the first language tutor in the District. Her current role as a school community resource worker enables her to work closely with students, teachers and community. She coordinated the annual Christmas basket drive, Cinco De Mayo Activities, and helps students on a daily basis with school-related problems. She has been at SBHS for fifteen years.

Lupe Martinez, School Community Resource Worker.

Math Manipulative Lab

This lab under the leadership of Clarence Reise, Title I Resource Teacher, helps students to better their math skills using teacher — made manipulatives (games, puzzles, and hands-on equipment). He is assisted by two tutorial assistants, Virginia Spiotto and Rose Mary Murphy.

Clarence Reise, Title I Math Resource Teacher.

Far right: Virginia Spiotto, Tutorial Assistant.

Above: Rose Mary Murphy, Tutorial Assistant.

Writing Lab

The Writing Lab helps students to become better writers through a variety of writing exercises. Students compose their own stories and share them with each other. Norma Saunders, Resource Teacher, believes in writing everyday as a good way to improve writing skills. She is assisted by Frenette Ellis, and Ron Castañeda, Tutorial Assistants.

Sarah Thompson, Resource Teacher.

Math Computer Lab

The Math Computer Lab assists students in basic math such as addition, multiplication, fractions, decimals, etc., through the use of micro computers. Sarah Thompson, Resource Teacher, allows students to pace their work according to their own ability. A 20 TRS 80 Microcomputer and an Apple Computer make learning math fun. Clarisa Valderama, Tutorial Assistant, helps students to understand computers and records their progress.

Phoenix

S.B.H.S. is the only school in our city with anything similar to the Phoenix Program. This was the second year the Phoenix program was in operation and adjustments were still being made. Phoenix is an honors program designed to provide college-bound students with the most advanced classes they need and to provide them with the educational guidance that is needed when preparing for college.

A Phoenix student must have a grade point average of 3.0 or better and cannot have any "D"s or "F"s. To reward these students for their hard work, the program organized special assemblies and offered pee-chees and notepads. The seniors also receive a gold Phoenix seal on their diploma and a letter of explanation about the program is sent with their transcripts. Overall, the Phoenix program is a big success.

School Improvement: Funded by State Powered by Wheeler

Mr. Dave Wheeler is the School Improvement resource teacher which means that he is responsible for the planning and implementation of things that will change our school. In an issue of the "Tyro Times," Mr. Wheeler explained the purpose of School Improvement. He said that the concern of the program is to meet the individual needs of students and to get parents, students, and staff together for a positive approach to bettering the total educational climate. The School Improvement Program at Berdoo started in the spring of 1981 and is funded by the state.

Mr. Wheeler, S I Director, talks with student council members. Aside from his S I duties, Student Council is his responsibility.

In addition to his regular English class, Mr. Page teaches oral language skills to S I students.

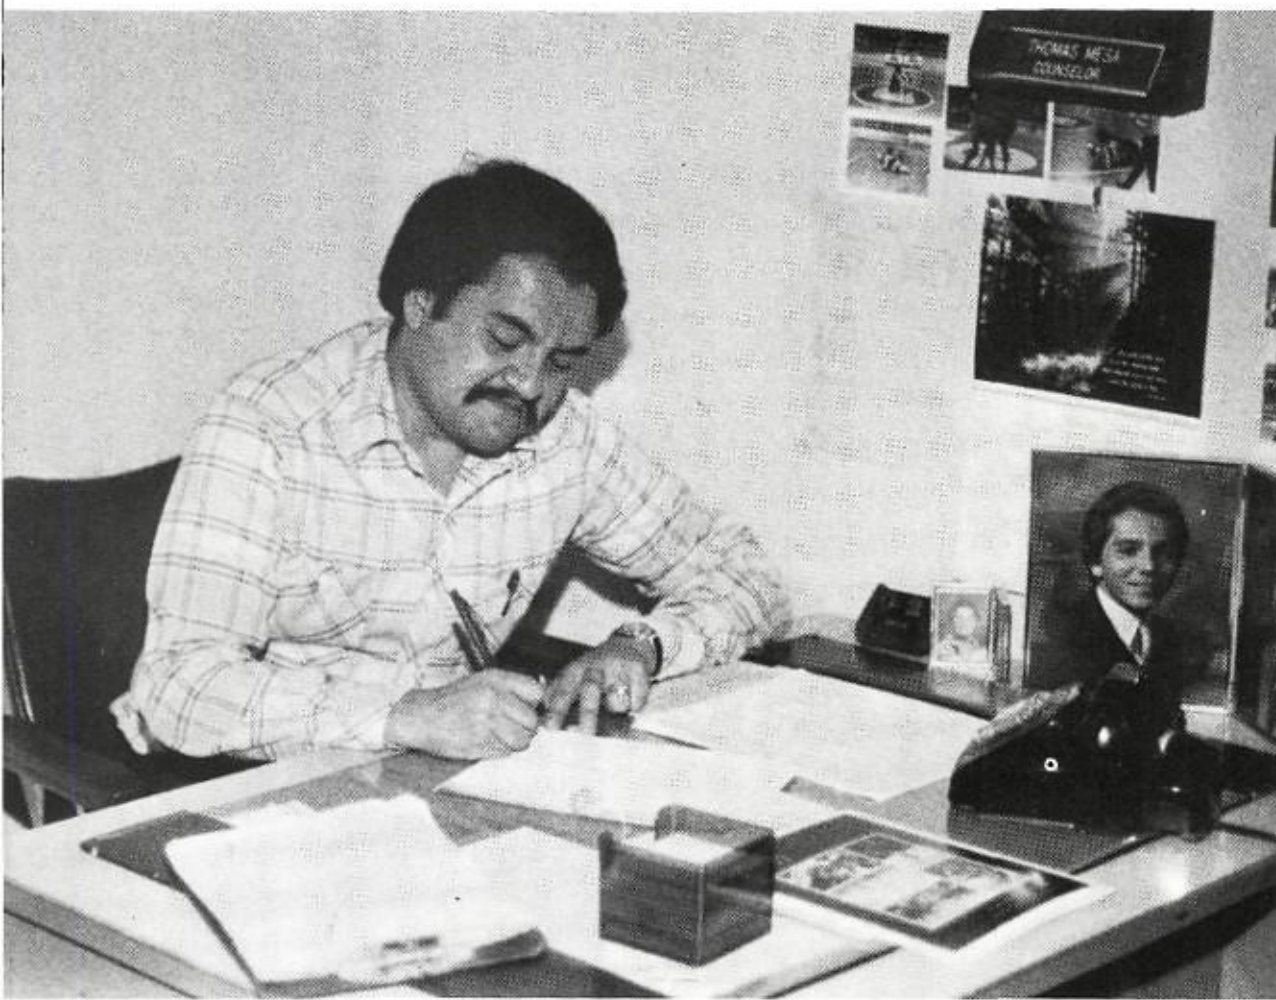

As the journalism adviser of the "Tyro Times," Mrs. Mayor provides communication. School Improvement can reach parents, students, and teachers through the paper.

During lunch Mr. Leary teaches calculus to about 10 students. Without his help this advanced math class could not be offered.

She is not only the adviser of this year's annual, but Ms. Haas also teaches 30 SI students and helps them to improve their writing skills and ability to enjoy reading.

Mesa, a guidance counselor, is the coordinator of project HOLD which tries to improve attendance and also helps students with their adjustment to high school.

SBHS Quad At Lunch: Where The Action Is

Lunch time — that time when the quad comes to life and, depending on the time of the year, or the nearest holiday, you can buy any number of items offered for sale to boost club treasuries or fund class projects.

The Agriculture class and club sold house plants just prior to Christmas. The Senior Class has had several projects such as candy canes at Christmas and flowers for Valentines Day.

Aside from the regular KARD Radio music which can be heard almost every lunch time, there have been club sponsored bands to entertain Cardinals as they relax and eat lunch.

The clubs use the lunch break to meet, plan activities and projects and keep their members informed. Any Cardinal City citizen who wants to keep up with what's happening, needs to spend lunch time on campus, in the quad . . . Where the action is!

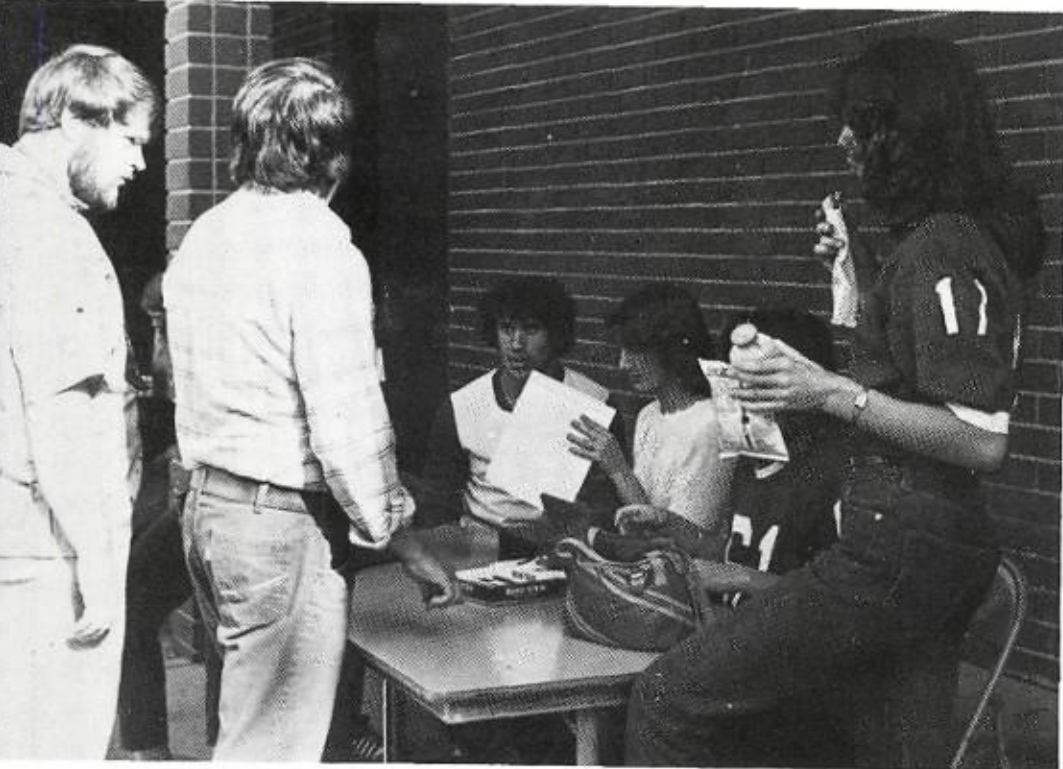

Above: Scott Yanni bobbed for apples during Halloween week quad activities. *Right:* The Good News Club sponsored a concert featuring LIFE LINE, a Christian Rock Band, during one lunch hour.

Future Farmers of America raised club funds by selling house plants at lunch. Cardinals took this chance to pick up some more last minute Christmas gifts.

'Academy Awards'

*Presenting — Randee Roberts, Chet Anderson,
Kim Thomas, Suzy Nassaralla*

And The Winners Are

... And real winners they are, too! Our top academic awards are those of Valedictorian and Salutatorian.

The student or students who attain the highest GPA in the graduating class is honored as Valedictorian. The second highest GPA is awarded the title, Salutatorian.

Grades are tabulated at the end of the first semester during the Senior year and the honors are announced to the recipients.

At graduation exercises, each honoree presents a speech to their classmates, parents, and faculty.

Left: Suzy Nassaralla, 4.0 Valedictorian.

Education has always been a very important aspect of my life. Many people have helped me to achieve my goal during the past four years of becoming Valedictorian, including teachers, fellow students, and above all my parents. I realize now that all those nights I spent doing homework and studying paid off in the end. The satisfaction of knowing that I succeeded in something is worth all the effort I put into it.

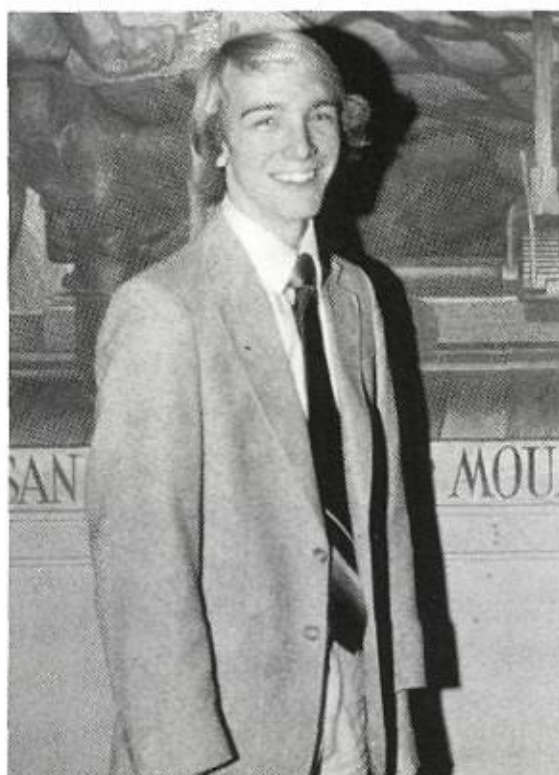

My future goal in life is to major in bio-chemistry and then go on to medical school and pursue a career as a doctor. I chose medicine as a career because I would like to help people and enjoy working in the field of science.

Right: Chet Anderson, 4.0 Valedictorian:

Moi? Valedictorian? Does it make that much difference? It may get me some scholarships and recognition, and it helps when teachers know that you're supposed to be really smart, but otherwise, it doesn't make me or my life any different than anyone else.

But now I have a chance to say goodbye and I'll see you at the reunion when we're all old and decrepit.

Thanks, Chet

Above: Kim Thomas, 4.0 Valedictorian.

Being Valedictorian is not something that I've ever dreamed of. It just happened that way. My friends ask me, "how do you get A's all the time?" I tell them I take each class separately. I just worry about what I learn instead of worrying about my grades or GPA. What is ironic is that when I got B's in classroom work I learned so much more than when I received A's.

One misconception people have is that Valedictorians are "brainiacs" and "bookworms". These labels are not necessarily true. In my case, neither of them are. I'm no smarter than any student at SBHS, for I know a great many students who, if they would have applied themselves half as much as I've applied myself, would have had twice as much success as any student could hope for. These are the students with extenuating circumstances... but that's another story.

Finally I would like to say that I've never relinquished any fun or "partying" and, to make a long story short, the main reason that I'm Valedictorian is not because I'm a "brainiac" or "bookworm" but because I was consistent for four short years of my life.

Left: Randee Roberts, 39.1 Salutatorian.

It's here! Graduation! I'm glad to see it come but sad to see it pass. Looking back at the last four years, I can see how myself and my friends have grown and matured.

As a freshman, I was shy and intimidated by the big school and all of the different people. I tried "getting my feet wet" in my sophomore year and went into full swing as a junior. Joining clubs, Powderpuff, football, making new friends and keeping up with "Burke Work" made for a busy year. My senior year was the most fun and the hardest. I was put to the test trying to juggle homework, club meetings, work, friends, planning graduation and remembering college deadlines. It was all worth it though, and I hope that in four years I can look back at college with a smile also.

Do You Think That's Spirit?

In the last years the "friendly rivalry" between the high schools in town became more and more strained and less understandable. There are people who wonder whether cutting down trees, spraying slogans on walls, painting school symbols, and taking away Pacific's anchor is the direction competition between schools should take. Wouldn't it be better to compete on the sports field than in the quad? And isn't it kind of mean to cut down trees which are living elements of our environment? Why do students come in the dark of the night and do damage to other campuses — is it a harmless prank or senseless vandalism?

One of Berdoo's trees which has fallen victim to spirited vandals.

Pacific's senior park has benches surrounding the school symbol. That metal anchor (which once boasted a concrete foundation) was torn out by students from a rival school.

Left: The SBHS mural has been the target of graffiti from our own students.

Playing Their Roles On And Off The Scene

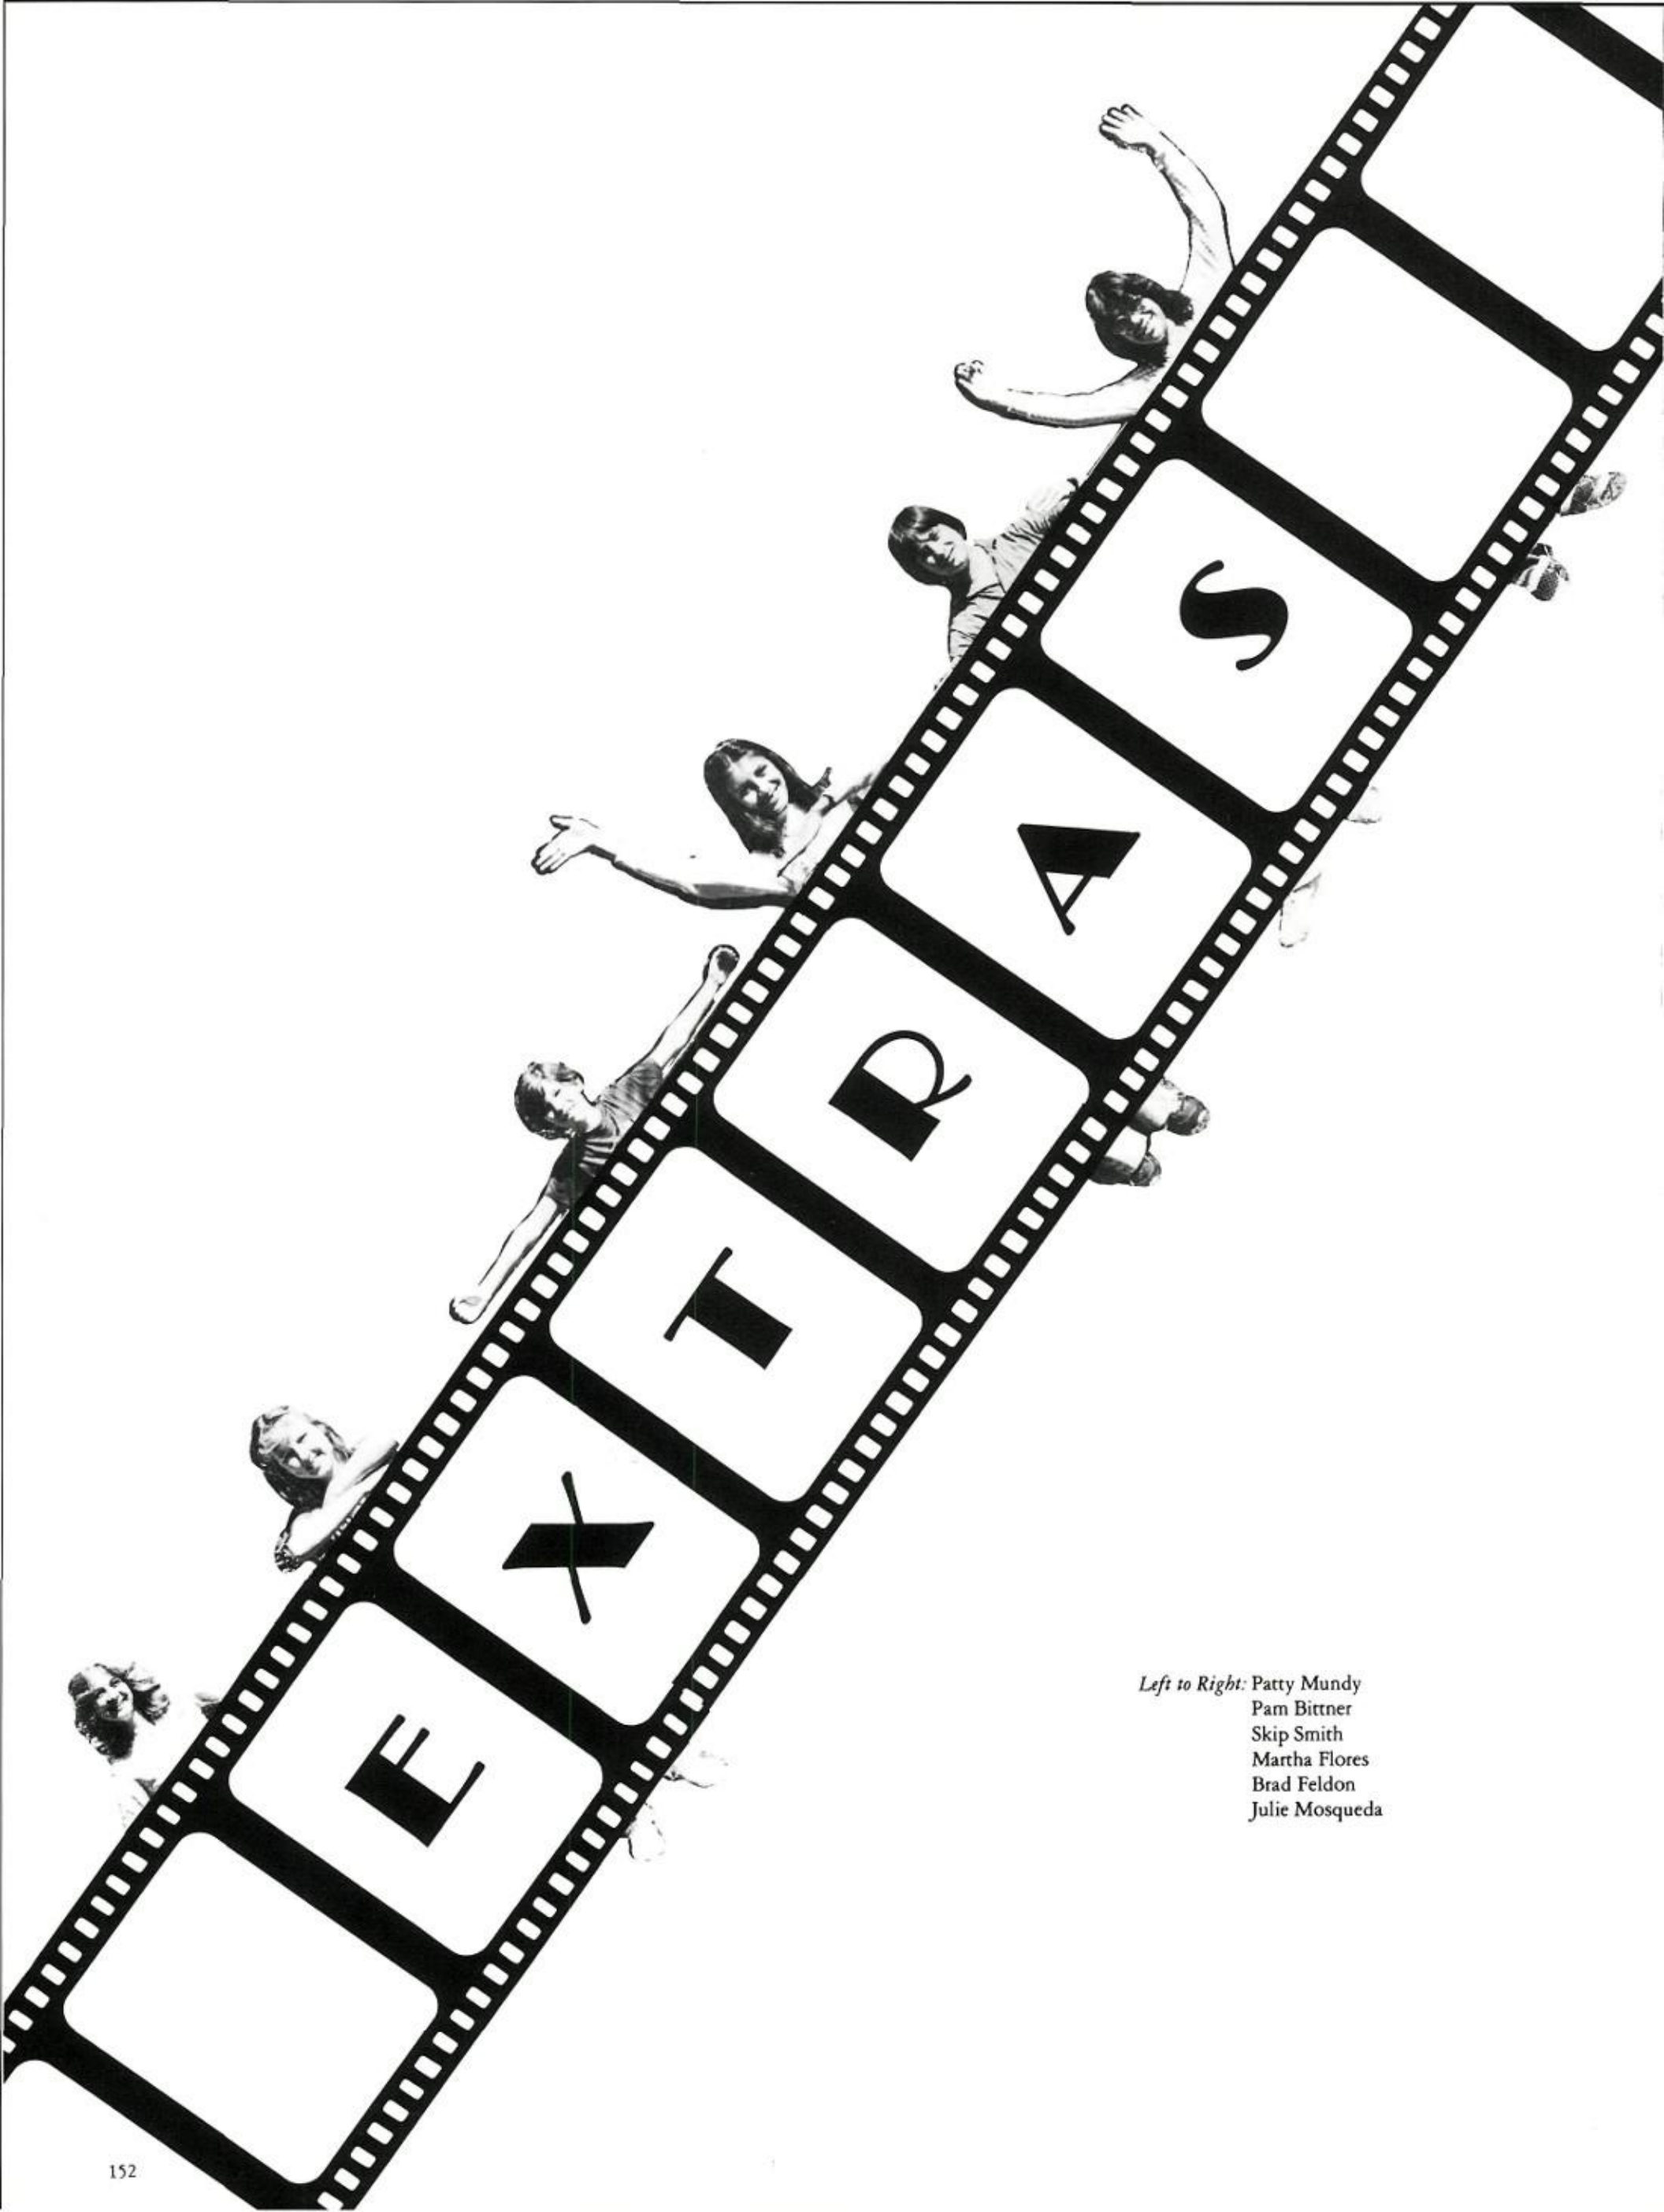

Top billings aren't what these supporting actors receive, but the roles they play are equally tough. These hard-working sophomores are no longer the unknowns, nor are they the graduating stars. The sophomore year is said to be the longest, hardest year of high school. But, before they know it, the demand for autographs will be upon these actors, too.

What It Feels Like To Be A Freshman

As Freshmen, it being our first year in high school, we are considered still wet behind our ears. Most of us come with our heads filled with many questions, scared, confused, and depressed because we are in a totally new situation. We are in a totally new situation because we are surrounded by new faces of teachers and people of all ages. But despite all this, we are anxious to begin this new and exciting excursion.

Fifty percent of all freshmen are pushed around and made fun of by upperclassmen just because we are freshmen. There is nothing we can do about this situation except scream and yell softly for it is a custom each year to do this to freshmen. So next year, it's going to be our turn to push around next year's Freshmen.

Producers' Assistants

All busy producers need secretaries and ours are no exception. Berdoo's team of dedicated secretaries serve students and staff alike. Their workload includes enrolling new students, handling messages, typing suspensions and expulsions, acting as an information center, doing the federal survey cards, typing the bulletin and keeping the proficiency, attendance, health and permanent records.

"The thing I think we all like the most is working with the staff and students," said Margaret Marinis, the Vice-Principal's secretary, "that is, as long as they don't all come in at the same time." Marie Nelson, the Registrar, and Joanne Burling, SIP clerk, agrees. "But of course the biggest reason is the money," they jokingly added.

Cardinal Counselors — "Dedicated and Concerned"

Where do you go to find out why you ended up in drafting when you wanted drama, how and when to take the dreaded SAT, where you sign up for Driver's Ed before the popular course is full and for overall guidance and information? Go around the Administration Building and you'll find the Counseling Office.

This year Mrs. Dorothy Martin has taken over the vacancies left by Mr. Gould and Mr. Escobar, who were part-time counselors and have returned to their classrooms. Mrs. Martin was a Title I advisor before becoming a counselor.

Head of the counseling staff, Mr. Christleman said, "We're lucky to have a very dedicated and concerned group of counselors. This year they've tried to make themselves more available." The new scheduling system developed by the counselors was better than last year's and gave students more say in what classes they took because they "ran" for them. Mr. Christleman remarked that it's hoped more of the paper work will be handled by computers in the future so that the staff will have more time for the students.

Anne Vivian, Counselor's secretary, provides constant assistance to the students on small, but necessary, matters and frees the counsel for important student conferences.

Mrs. Bogatin, Career Guidance Counselor, assists students in locating jobs and deciding on career choices.

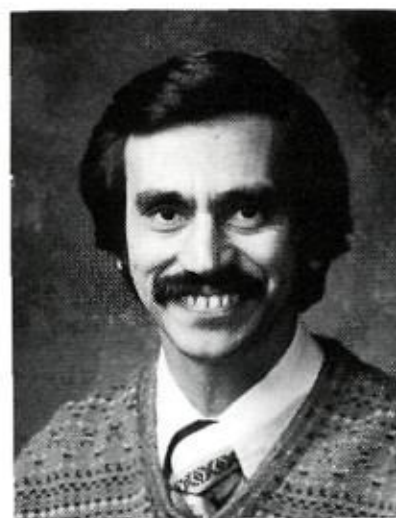

Mr. Christelman, head counselor, helps direct the directors.

"Somehow the kids manage to maintain their sanity and good humor in spite of all the scheduling problems."

— Mr. Mesa

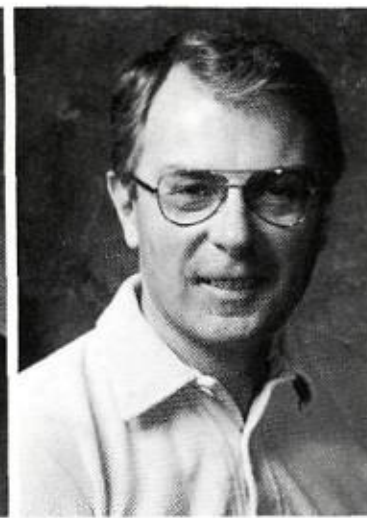

Mrs. Stenson, Mr. Mesa and Mrs. Martin direct all scheduling matters at Berdoo, along with Mrs. Bogatin and Mr. Christelman. They're also the students' friends. They serve as someone to talk to when no one else seems to care.

Mr. Stanton

Focus On Mr. Stanton

Mr. Stanton, a French teacher at Cardinal City, is clearly a favorite among his students. He's been teaching for 13½ years. Mr. Stanton attended Redlands High School and a number of California colleges, including the University of Redlands and Cal-State San Bernardino. His hobbies include reading and raising exotic plants. When asked what he enjoys most about teaching, Mr. Stanton replied, "I enjoy the students the most. They're what makes it all worth it."

Mr. Galarza teaches Spanish classes here at Berdoo. Here he's shown in one of his own pictures in a classic teacher's pose.

The Action In Foreign Affairs

The Foreign Language Department, another victim of the budget pinch, went through some drastic alterations. Mr. Galarza, a new, but nevertheless popular teacher here at Berdoo, gave some opinions on the status of the department:

— On changes in the department:

"I think the most obvious change was me . . . I've found a desire for a third and fourth year Spanish class (cut from the program this year), and I intend to start them again."

— On students:

"I noticed some reluctance in class participation at the beginning of the year, but generally there is a strong positive feeling for language."

— On the future of foreign language at S.B.H.S.:

"Perhaps more extra-curricular activities are needed to reflect the multi-cultural element in school."

Focus On Mr. Sigler

Mr. Sigler is a ceramics teacher at Cardinal City. He's been teaching for 22 years. He attended our own San Bernardino High School and spent his college years at the University of Redlands, Valley College, and Claremont Graduate School. He first realized he wanted to become a teacher in his junior year of college. His hobbies are hiking, ceramics, photography, meteorology, and working with glazes. When asked about his favorite part of teaching, Mr. Sigler replied, "I enjoy working with talented students and exploring the art (of ceramics)."

Art Survives Budget Cuts

The budget problems have certainly caused a shortage of electives among other subjects, but fortunately, we still have an Art Department for the artistically inspired. Ceramics, Art, and assorted crafts were offered along with the Yearbook class.

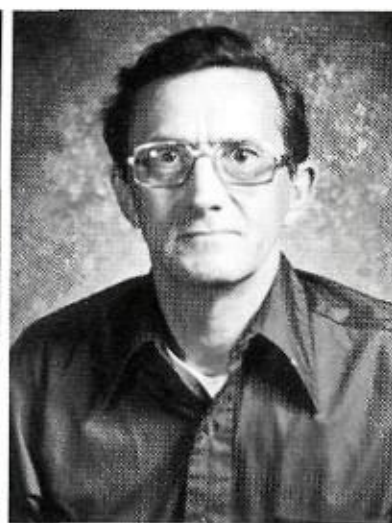

Will any future Michaelangelos, Picassos, or Hemingways be graduating from Cardinal City this year? Well, probably not, but then again, one never knows.

Strong Faculty A Definite Asset

Our English Department is still managing to do very well, despite many setbacks. Mrs. Waldeck, an English teacher always up on current events affecting education, was asked to say a few words on the status of English in our district:

"We still have very good teachers (at S.B.H.S.) but there is no money for materials we need. A five period day is also being discussed, which would limit chances for a college preparatory education to be given."

Focus On Mr. Norton

Mr. Norton is a favorite English teacher at Berdoo, according to the students. He has been teaching in California for 28 years. He attended Elsworth High School in Pennsylvania, and Waynesburg College, a small liberal arts school. A member of the Elks, the Austin Healy Club of North America, the Knights of Columbus, the American Federation of Teachers, and the V.F.W., Mr. Norton enjoys coaching, playing poker, and collecting classic cars.

Mr. Lewis has been teaching for 25 years. He attended Fort Scott High School in Kansas and a variety of colleges, including Pittsburgh and Long Beach State, U.C.R., Pepperdine, and Azusa Pacific. Among the clubs and organizations to which he belongs are the Inland Official Association (an organization whose members officiate at many sporting events), Kappa Alpha Psi, the San Bernardino Teacher's Association, and the

California Teacher's Association. His favorite pastime is motorcycle riding.

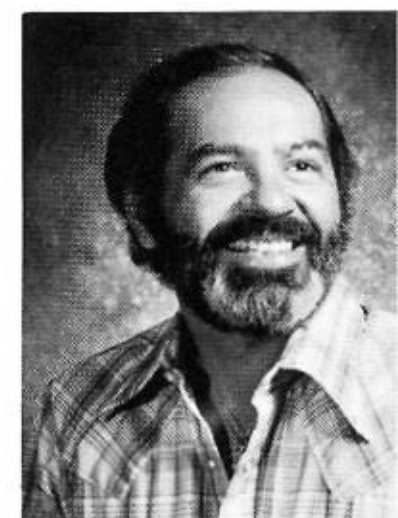

Mr. Lewis commented on student attitude in recent years. "The students just aren't like what they used to be. In the sixties, you'd never see anyone wandering around in the halls during class. But now you look out, and there's 50 to 100 people out there."

Mr. Lantz Comments On Math Department

Changes took place in all departments this year, and the Math department was no exception. Asked to comment on some of the changes and trends, one of Berdoo's long-time mathematics teachers, Mr. Lantz, gave these opinions.

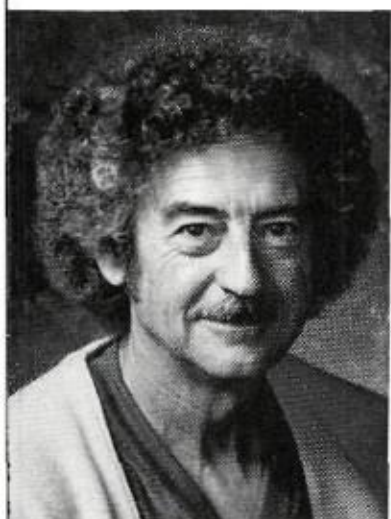

On Title I Program: "The best feature in the Math department, definitely a good point."

Changes in students: "Kids today don't seem to care much about their education. They just work enough for a 'C' or a 'D'."

Future of the Math department: "The School Improvement Program will make some changes in skills classes next year, with other alterations in the current program."

When It Comes To Action, They're Real Sports!

Where do you have to dress in five minutes when it normally takes you twenty, exercise in the sun when it's 105 in the shade, go outside in the rain when you've forgotten your sweats, and try to remember your combination after a long weekend or Christmas vacation? Why, PE of course! Three years of gym are required for everyone, and most students take them in the freshman through junior years.

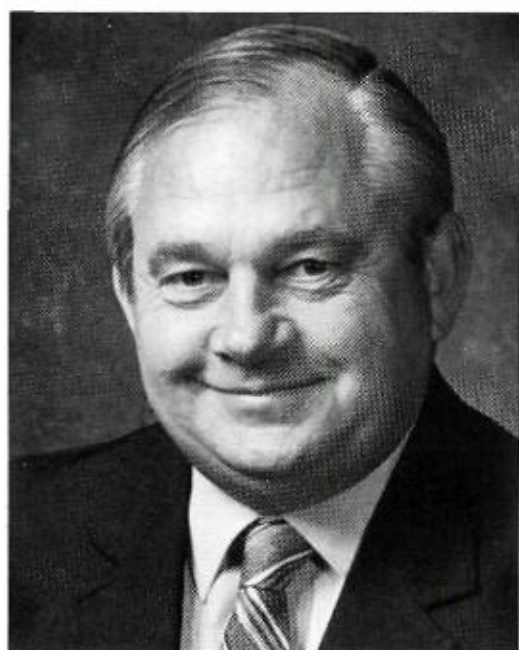

This year the P.E. activity choices included volleyball, weight-lifting, swimming, basketball, dancercise, and touch football. The

department, like others suffered from a lack of funds.

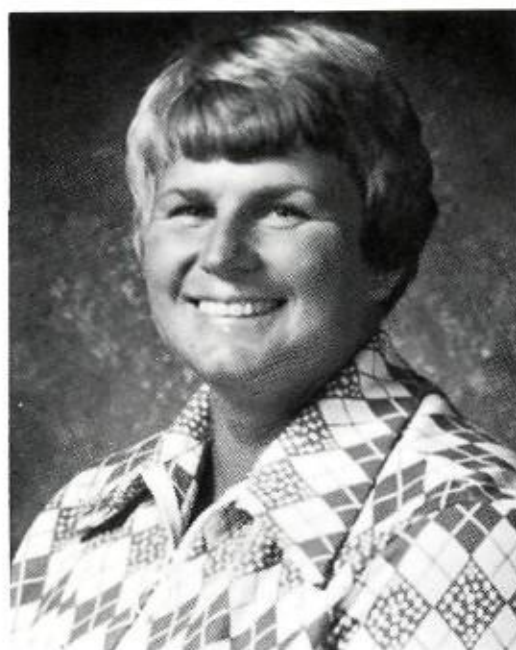

Asked to comment on the financial cutbacks, Mrs. Lopez, a very important figure in Berdoo's world of Physical Education, said that "there are some very good teachers." She told us that there were also some problems. One is no heating in the gym. With luck, this will probably be corrected in the near future. Nevertheless, many sports may be cut due to the ever-present monetary problem.

A well-liked teacher at S.B.H.S., Mr. Schrempp has been teaching for 12 years. He attended Pacific High School (but we can't hold that against him) and went to college at Cal Poly, Pomona. Baseball is his favorite hobby. Of the 12 years Mr. Schrempp has been teaching, nine of them have been at Cardinal City, and he's very dedicated to the school. He declares, "I'm very proud of our school."

Science Enrollment Drops Off

Science is a subject that not every student may be familiar with, but eventually will be. 15 credits are required to graduate. Among the courses offered are Biology, Physiology Lab, Physics, Chemistry, and various survey classes offering a glimpse of what the course is like without actually having to take it. However, Mr. Brown, a math and science teacher here at Cardinal Headquarters, expressed that "the enrollment in the higher science classes has been dropping off and the students are taking classes where the workload is not as heavy. It's not because the teachers aren't willing to teach advanced science; they are, and they're very capable."

Meanwhile, students who are involved in science struggle through dissections, formulas, and microscopes that won't focus properly in the everlasting quest for knowledge and a passing grade.

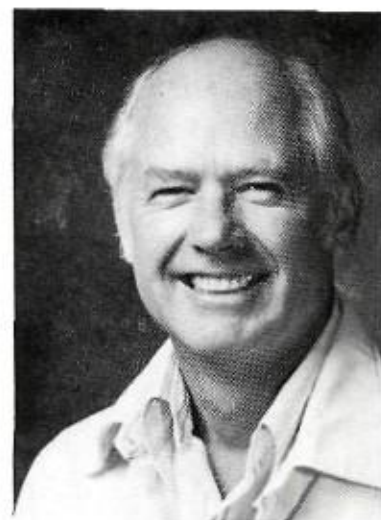

Mr. Brown

Mr. Kocher

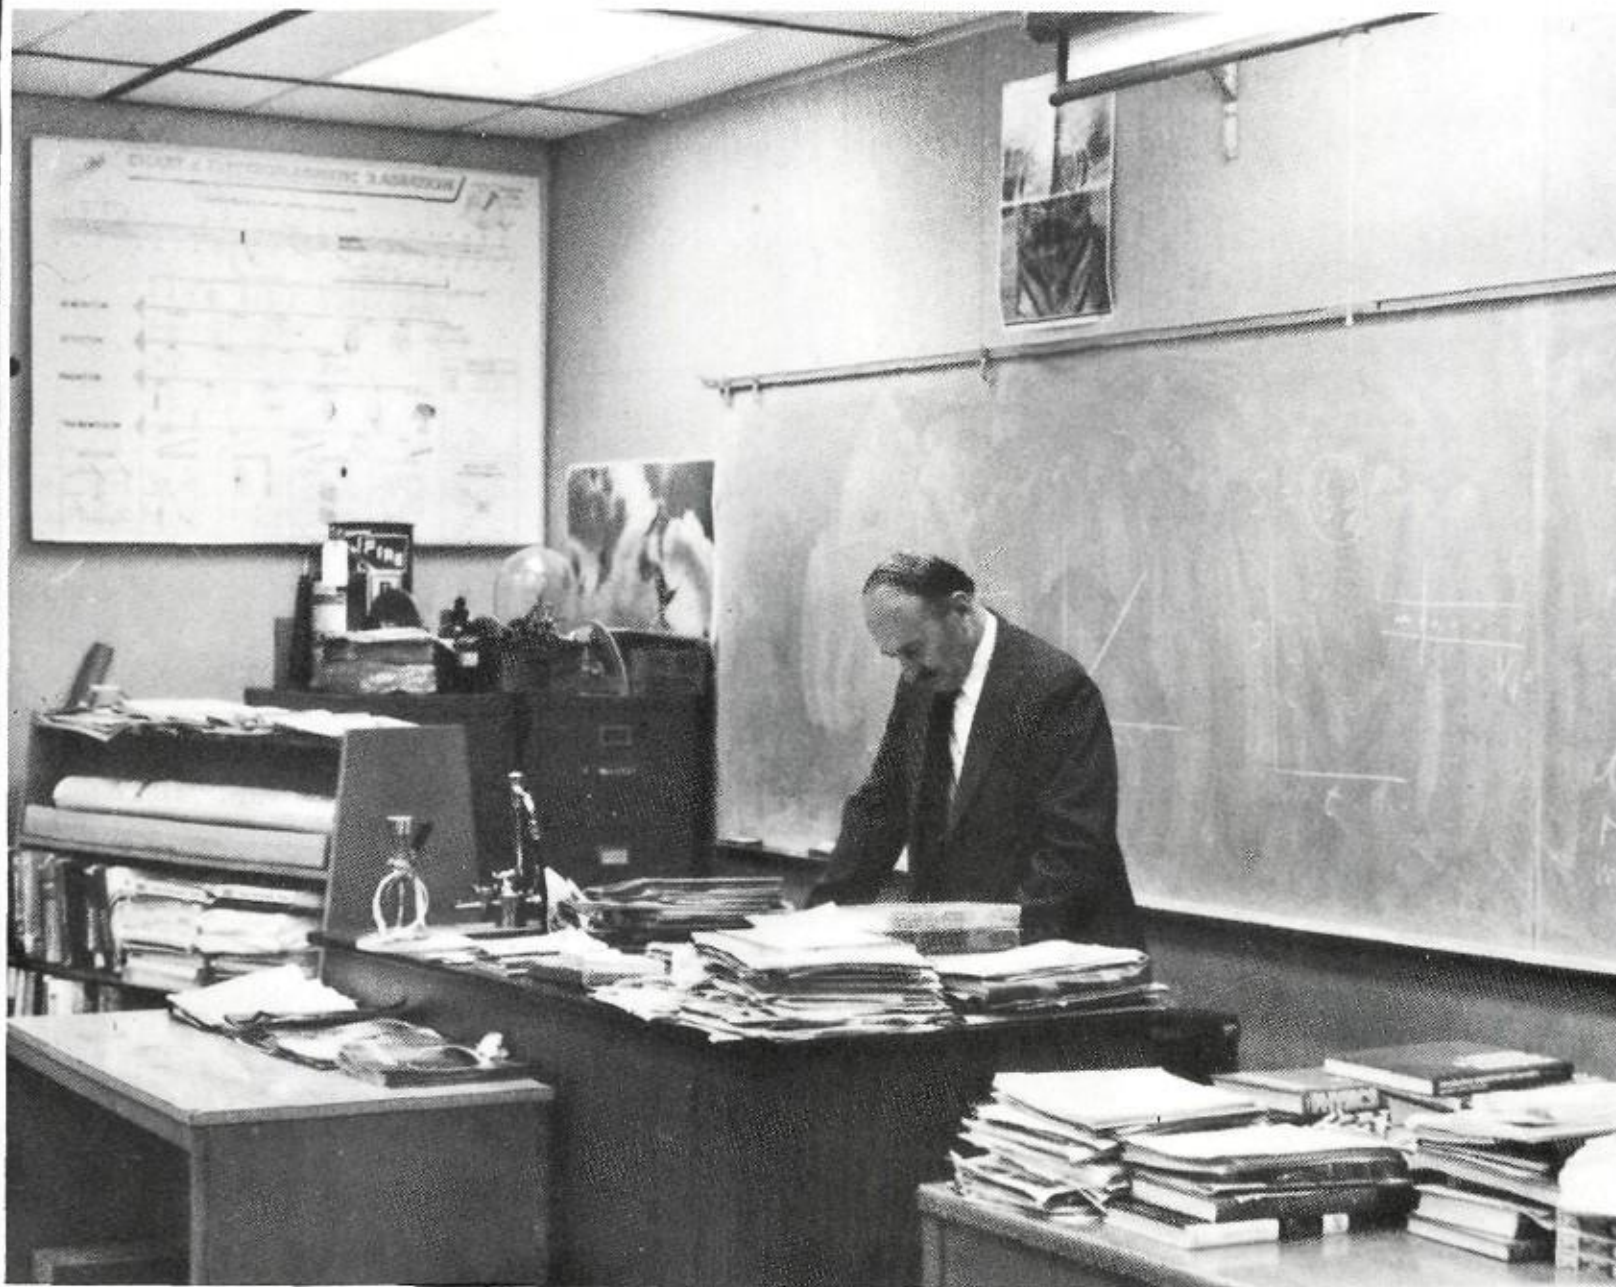

Focus On Mr. Johnson

The science faculty at S.B.H.S. boasts several fine teachers. One of the best is Mr. Dean Johnson. He has been teaching for 23 years, attended Pasadena High School and a number of colleges, including Redlands University and Cal-State Los Angeles. His favorite part of teaching is, he says, the students. Asked what his favorite hobbies are, Mr. Johnson replied, "I just love fishing!"

A Scene We All Make — Social Studies

Departmental changes take place all the time and the Social Studies section is no exception. Mr. Wheeler has taken over as Student Council advisor, Mr. Vitek started teaching the Consumer Education classes 2nd semester.

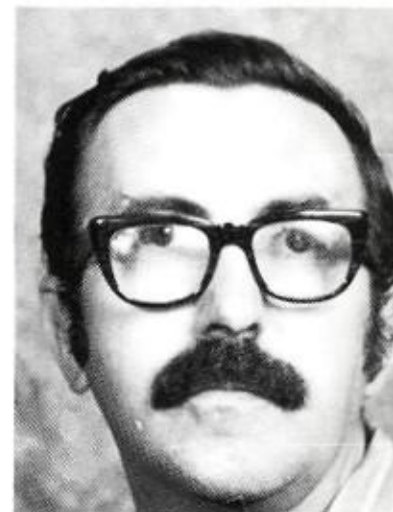

Social Studies is a course that all students at Berdoo know about since it is required for all 4 years of high school. This causes a problem sometimes, according to Mr. Burke who teaches American History "because the kids get shifted around more than they should and this can be harmful. But it can also be good because it provides a line of communication between faculty and students which is open to every student." Some of the problems have, of course, been financial but other include the fact that there's been a change in the average student. Says Mr. Burke, "They've gone from respectful, caring citizens to kids that are isolated and only stick with their own group. Luckily, the Social Studies teachers are really caring and want the students to learn. They take time out for student things that other teachers wouldn't."

Mr. Vitek, P.O.D teacher, outlines the day's classwork.

Ms. Ebey

Focus On Ms. Ebey

Ms. Jan Ebey has been teaching for 14 years although "sometimes it seems like forever". She didn't always plan on being a teacher and says that while in college she was waiting for her doctorate fellowship and while waiting, got turned on to teaching by one of her own professors. What she most enjoys about it is "the interaction between student and teacher."

Mr. Geiger

Mr. Burke

She graduated with the class of '63 from Pacific High School. Later, she received her B.A. in Political Science from U.C.R. and her M.A. in Counseling at Cal State San Bernardino. She's involved with N.O.W., antinuclear groups, Ammesty International and a rape-counseling center. Her hobbies are camping and hiking, photography, writing, politics, softball, reading and doing work for women's issues.

No matter where he goes, Mr. Burke stands out in the crowd.

Job Skills Receive Top Billing

Vocational instructors are certainly not to be overlooked in our little spectrum of knowledge. Why, if it weren't for them, the many talents hidden in our Cardinal City citizens might never be discovered, and consequently be wasted.

Among the courses offered to further one's career hopes are Typing, Wood Shop, Metal Shop, and Auto Shop. Who knows how many future secretaries, mechanics, and carpenters will graduate this year? Let's just be thankful that we have these fine teachers to help our students reach their goals.

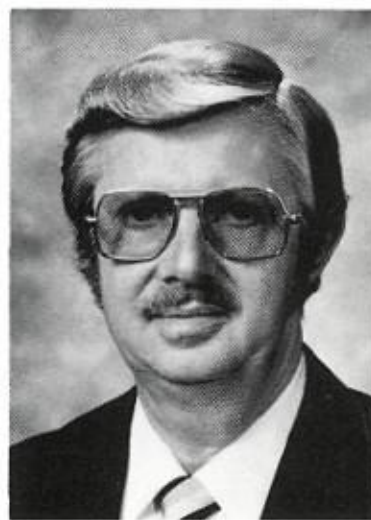

Mr. Howell, Mrs. Stenson and Miss Haas enjoy a quiet luncheon in the library.

Spotlight on Mrs. Rowe

Mrs. Rowe teaches job skills, typing, and shorthand here at Berdoo, and has been a teacher for ten years. She went to Little River Training School in Arkansas, then came to California to attend Cal-State San Bernardino. She has two M.A.'s, one in business administration, the other in education, and is a licenced vocational nurse. Mrs. Rowe was encouraged to become a teacher by a counselor at Cal-State and now says she

likes "to see the students learn how to do the things and teach them." Mrs. Rowe is a member of St. Paul A.M.E. Church where she's on the Board of Trustees. She also belongs to the Delta Sigma Theta and is listed in the Who's Who of American Women and the Who's Who of the Women of the World. Her hobbies include reading, gardening, and travel.

Focus On Mr. Howell

Special kids need special education, and that's where the special education department comes in. One of the teachers who works with these kids is Mr. Howell. He's been teaching for 30 years (one at Franklin, two at Berdoo, and 27 at Arrowview). He attended North Hollywood High and several colleges in California. He enjoys being able to work with his students on a one-to-one basis. When asked if he'd always planned on becoming teacher, Mr. Howell joked, "At first I wanted to be an undertaker!" He's active in the Central Christian Church of San Bernardino, and his hobbies include gardening and reading. Unfortunately, Mr. Howell is retiring this year, and SBHS will lose the pleasure of his presence.

Special Ed.

Special Ed. and TOP (short for Title One Program) are two programs which help students with special problems. Special Ed., the only one in the district, has five classes. Because we are the only one of the San Bernardino High Schools with this program, students are bused here from all over the district.

Special Ed. like the other departments has been affected by the budget cuts. One effect is the inability to buy materials, such as special books and equipment. TOP, another part of Special Ed. works with bilingual students in strengthening their English. Many of the students are Hispanic and Asian.

Ms. Lopez, as well as being a friend and competitor for the students, is an athletic equipment attendant for the girls. Mr. Eugene Johnson does an equally good job as athletic equipment attendant for the boys.

Cesario Cabrera mops up after Messy Cardinals. He is aided on the job by George Beasley, Herbert Benn, Etta Davis, Dalton Ford, Gus Hidalgo, Stan Howard, Pat Meyers, Marylou Ortega and Calolia Williams.

Dorothy Ross, Remel Diggs and Ever James are in charge of taming unruly birds on campus.

Mrs. Carver, our librarian, assists Scott Ackley in finding research materials.

Sonja Roop, one of our cafeteria workers, mixes up lunch on a large scale. Other cafeteria workers are Velma Joyner, Annie Moody, Jean Reimer, Margie Riddle, Sallie Roberson, Pat Van Voorhis, and Genevieve Wheeler.

Special People Work Behind The Scenes

Behind the scenes are the people who make many things on the set possible. Although we might not see these people everyday, we can be sure that without them normal school life would be impossible. These important people range from cafeteria workers to security persons, and from custodians to librarians. One member of this varied group

is the ever-popular Bob Satterfield, the only PASS (Positive Attendance for Secondary Schools) teacher, who unofficially substitutes for ailing instructors, and who even more unofficially is the resident Laurel and Hardy fanatic. He, like others in the group, is just not another worker here, but a genuine friend to the students.

New Producers On The Set

What better way to top off a well-rounded staff than with a superior administration? Some of last year's administrators moved on to other positions, and were replaced by Marvin Billings, Principal, and Barry Kayrell, Vice-Principal. Both were well received by the students and staff. Returning for another year was Martha Hempstead, vice-principal, always a favorite with everyone.

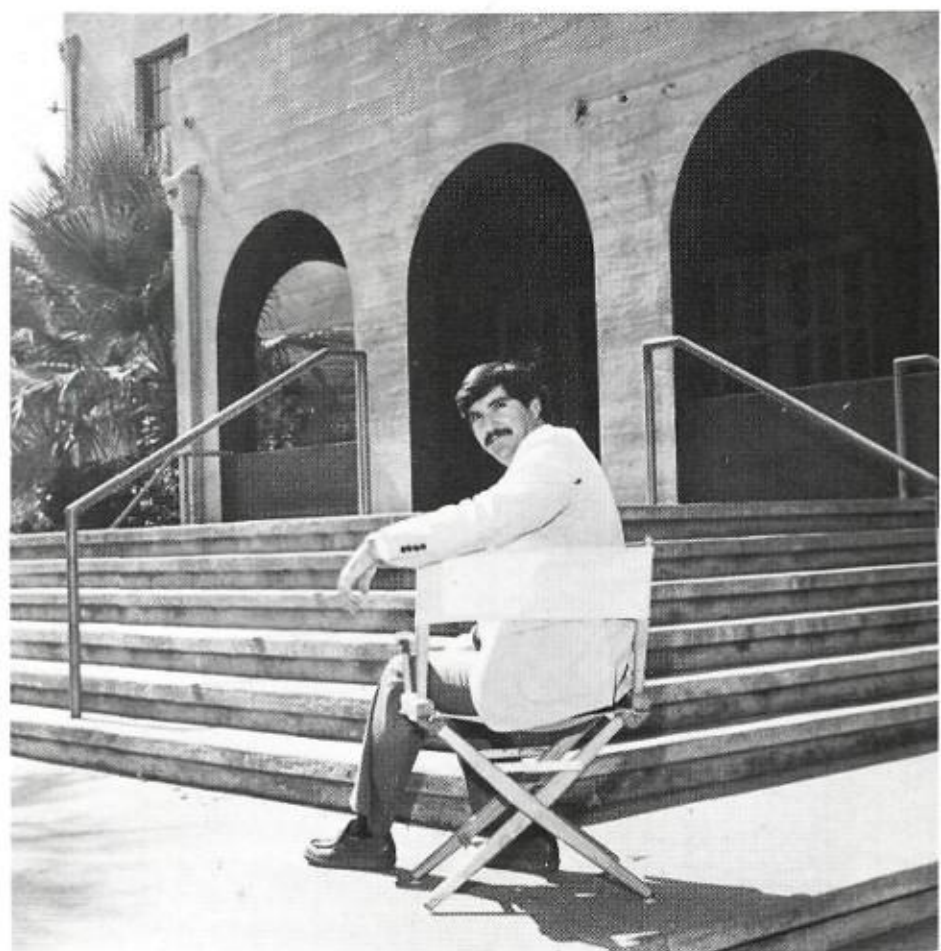

The administration takes care of a number of important duties on campus. All discipline problems are referred to them, as well as P.A.S.S. (Positive Attendance for Secondary Schools) affairs. On the lighter side, they also direct affairs having to do with athletics, activities, and finances. This year in particular, they were in charge of making necessary changes due to budget cuts, one of which was a new attendance procedure.

School Board Gets New Superintendent

Unusual predicaments befell the Board of Education in this scholastic year. In order to conform with the limits of the ever-shrinking budget, the Board was forced to consider (from among a host of options) going to a five period day, closure of certain schools, and cancellation of some athletic activities. Among the actual cutbacks enacted this year was a reduction of teachers in some departments. This led to new duties being assigned to a few teachers and created some difficulties.

One important change among the many that took place on the Board was that of

superintendent. Replacing Dr. Charles Terrell was Dr. Neal Roberts. Other major changes were caused by the recent election, in which two new Board members, Shelby Obershaw and Elisa Diaz were elected.

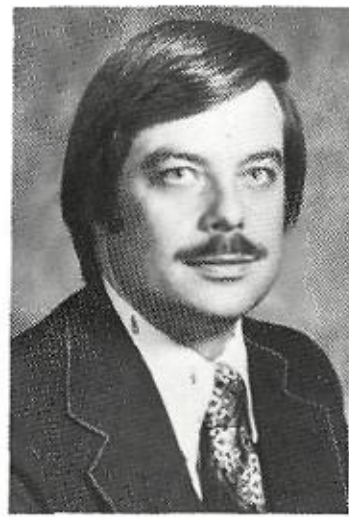

Not many students know that they have a voice in the affairs of the School Board. The District Student Congress is an organization formed to represent the students of the district. One member of the D.S.C. sits on the Board at every meeting. The 81-82 representatives for Berdoo were Kerry Carter, Lisa Jewett, Janet Stone, and Rhonda Hernandez.

How do you begin to think of all the people who helped to get the job done? We certainly want to thank everyone who gave us such special assistance, support, extra hands, extra hours, extra patience, throughout the year and made it possible for us to complete this book. We tried very hard to include every aspect of the school; cover as many events, games, programs, as possible, and give all the people credit who work so hard to do the many things all year long which keep the school running.

We had great support from students who were willing to take a chance on this book with an unknown sponsor and a brand new staff. The community patrons came through with patronage ads and other support. In spite of all the inconveniences imposed on faculty to get students out of class for pictures, assemblies, what have you, our faculty has proven cooperative, encouraging, and understanding.

We are looking forward to the Centennial year with a seasoned staff, one book under our belt, and the positive attitude from community and school.

So, to all of you who have helped in all sorts of ways, we'd just like to say "THANKS, we appreciate you."
